

GERMANS RAPIDLY BRINGING FORCES TO BELGIAN COAST

HAVE APPEARED AT BLANKENBERGHE, NORTHEAST OF OSTEND

French Announce Gains at Many Points on Battle Front—Re-Inforcements Reach Both Sides—Kaiser Moves Farther Into France—Austria and Russia Claim Advantage at Przemyśl—Rebels and Union Troops Battle in South Africa.

In the northwest of Belgium the Germans are rapidly bringing their forces to the coast. They have occupied Bruges, about fourteen miles east of Ostend, and have appeared at Blankenberghe, on the North Sea, some twelve miles northeast of Ostend.

In the meantime the allies have thrown a strong line out to the south with the object of shutting off Calais and other French ports on the English channel. The allies occupy Ypres and the line is believed to extend almost directly northward to Nieuport. This territory, within the next few days doubtless will be the scene of heavy fighting if the reported plans of the Germans are carried out.

The latest French official statement announces gains at many points on the front, including the taking of Estaires, an advance of about two kilometers in the center to the north and east of Rheims and further advance on the heights of the Meuse to the south of St. Mihiel.

Reinforcements have reached both the Germans and the allies on their right and left wings respectively and these need only to be placed in their proper positions on the front for the blow which may be a decisive stroke for one side or the other.

That Emperor William of Germany is following with sharpest interest the fortunes of his soldiers is indicated by the fact that his headquarters have been moved farther into France. The Imperial German chancellor, Dr. von Bethmann-Hollweg, and his suite have arrived at Brussels.

The Belgian government, before moving to Havre, ordered all males between the ages of 18 and 45 to enter the army within two days on pain of being considered traitors. King Albert remains at the head of his army, a part of which has formed a junction with the allies.

The Canadian troops, who arrived at Plymouth, have been ordered landed and are already on their way to Salisbury Plains, where camps have been prepared for them.

Petrograd reports no change on the eastern Prussian and Central Vistula fronts, but claims a victory for a Russian column over the Austrians south of Przemyśl.

Vienna reports that, according to an official German communication, the Austro-German armies have relieved the fortress of Przemyśl.

The bombardment of Rheims continues and the Rheims cathedral has been subjected to another shelling.

Already the revolting forces in South Africa under Col. Maritz have been engaged by a column of the Union of South Africa troops and eighty of the rebels captured. Commandants, burghers and field cornets are flocking to the standard of General Louis Botha, in answer to his appeal for assistance in putting down the rebellion under Maritz.

Princess Mary, daughter of King George and Queen Mary, has started a movement for the soldiers and sailors fighting for their country. She wants each of them to get a Christmas present.

Battles Reach Their Height. Two great battles, one in northern France and Belgium, the other in Russian Poland, both with a front of three hundred miles have reached their height but the public is allowed only an occasional glimpse of their progress through official communications, which frequently are widely at variance.

From the French report it appears that the western battle is going slowly but surely in favor of the allies. Under the pressure of the troops of the allies, the Germans, who started to advance on Calais and other French coast ports have been forced to evacuate the left bank of the Lys river, which is a considerable distance east of the points their advance guards reached last week. Further east in the Lens district and southward between Arras and Albert, where the Germans made their initial attempt to work around the allies left, the English and French have made "notable progress."

Evidence that the German assaults are being delivered with less force is conveyed in the intimation that between the Somme and the Oise their artillery attacks are not being followed up with infantry charges. It is possible that they

have withdrawn some of their troops from this position, to strengthen their advance toward the coast but it is considered this would be risky as it might permit the allies to break through and interrupt the communications of their armies fighting north of the Aisne.

Allies Advance in Center. In the center the Allies also have advanced, particularly toward Craonne and several German trenches are reported to have been carried to the northeast of the road from Berry-au-bac to Rheims and to the north of Prunay in the direction of Reims, which is slightly to the south east of Rheims.

All this shows a determined and partly successful attempt to drive the Germans away from Rheims, which was again under bombardment today. The famous Cathedral again has been made the target of the German artillery, the Germans accusing the French of having used the towers for military purposes. The French advance in this vicinity also indicates an attempt to break the German front and force a wedge between the German right and left wings.

The French also claim to have made an advance between the Meuse and the Moselle and, after having repulsed the German attacks, to have reached south of the road leading from Verdun to Metz. It probably is this fighting which the Germans referred to as having taken place in the region of Metz.

On the French right, where there has been quiet for some time, the Germans have attempted offensive tactics in the Ban de Sapt north of Saint Die, but this movement has been definitely checked.

Consider Report a Cheerful One. On the whole the British military critics consider the communication "is a most cheerful one." They believe that the German advance to the French coast has been definitely checked and that the advances reported elsewhere show that the Germans have been compelled to weaken their center and left in order to strengthen their right.

Although the Germans have failed to break the Allied line and have themselves been compelled to give ground, they are now in a better position, having a front which stretches from the Swiss frontier to Antwerp and Dutch territory so that there are no flanks which the Allies can turn.

The Allies can attempt to break the line, however, and this is believed to be what they are trying to do on the Belgian frontier.

Of the fighting in Northern Belgium, the French communication simply says that German troops coming from Antwerp are marching toward the west and on the evening of October 14, reached the Bruges-Thielt district. The opposition offered to this advance was not very serious and apparently was intended only to delay it.

The Germans have occupied Bruges and probably are at present extending their main force is believed, however, to have proceeded southward to assist in the attempt of the Germans to establish themselves on the French coast. With the forces of the Allies occupying Ypres and doubtless other troops between that city and Nieuport, ten miles southwest of Ostend, the Germans probably will be compelled to fight their next serious battle along this road and railways running eastward from the coast. Again they may join Gen. von Kluck's army which occupies Lille and the country north of that city.

The residents of the country affected are rapidly making their way to coast ports and to England. They bring reports of the prevalence of conditions approaching panic. Belgians now are coming to England in large numbers. About three thousand wounded Belgian soldiers have reached this country while England is also getting more refugees from Holland, the towns and cities of which are overcrowded and are finding difficulty in feeding them.

Plan to Repatriate Belgians. Plans are underway for the repatriation of many of those who fled from Belgium on the approach of the Germans. A committee representing the refugees has gone to Antwerp to make arrangements with the German authorities for their return. The German authorities, however, are unable to guarantee the safety of the innocent should any of the

WAR BULLETINS

PETROGRAD, via London, Oct. 16.—4:36 a. m.—The Courier publishes a report to the effect that a German force which entered the Warsaw, Russian Poland region after two days hard fighting was cut in two, and driven back on the Lodz, Petrokov and Kielce line. The newspaper says it is claimed that 10,000 German prisoners were taken.

LONDON, Oct. 16.—3:30 a. m.—All regular traffic on the main lines in Germany has been suspended for the past four days according to a Copenhagen despatch to the Daily News to allow the transportation as quickly as possible to the western field of army of 90,000 freshly trained men.

LONDON, Oct. 16, 2 a. m.—Sir Claude Phillips, the widely known art critic, has addressed a letter to the newspapers in which he calls attention of the government to the need of taking prompt steps to protect London's art collection from danger through possible raids by airships.

VENICE (via Paris), Oct. 15.—The Italian dirigible balloon 64 reported today that while flying over the Adriatic Sea discovered Austrian floating mines. The naval commandant of Venice immediately despatched five tug boats to pick up the mines in this vicinity.

LONDON, Oct. 15.—The Rome correspondent of the Exchange Telegraph Co. says that a message from Basel states that the French have recaptured Altkirch and Muelhausen. The Germans, it is said, were compelled to use 150 motor cars to carry off their wounded.

PARIS, Oct. 16, 3:50 a. m.—A despatch received from Rome says Prince William of Wied, former ruler of Albania, has joined the German army and is on his way to the French frontier.

population fire upon or otherwise interfere with the German troops. The report comes today from Basel, through Rome, that the French have recaptured the towns of Altkirch and Muelhausen in Alsace but if this were so, it probably would have been mentioned in the French official statement.

Of the big battle in Poland, the Russian official report says there is no change to record. Rome is again responsible for the report that the Russians have defeated the Germans south of Warsaw, but this is believed to refer to the fighting in which the Russians yesterday claim to have pressed the Germans back.

There has been more fighting south of Przemyśl, in Galicia, on the Stry-Sambor-Medky line which disposes of the report that Lemberg has been evacuated by the Russians and also throws doubt on another report that Przemyśl has been relieved.

The Austrians say they are attacking the Russians in this position, while the Russian report claims victory over the Austrians from whom it says the Russians captured seven officers, 500 men and several machine guns.

In East Prussia, the Russians say, there is no change in the situation. The Germans, according to Berlin newspapers, have recaptured Lyck and for military reasons have moved the civilians out of Goldap, which is the center of the region where the Russians are advancing from Suwalki.

Austria, which next to Belgium is said to have received the hardest knocks of the war, has suffered another blow in the damage done by fire to a new battleship and several destroyers which were about completed at Monfalcone. This fire was incendiary and shows to what lengths Austria's internal enemies will go to cripple her. The battleship was to have been launched Sunday with imposing ceremonies.

The British cruiser Yarmouth has made an important capture in seizing the steamers Markomannia and Pontoporus which had been acting as supply ships for the German cruiser Emden. The Emden has not been heard from since she sank a dozen British steamers in East Indian waters. The Markomannia, which was of the Hamburg-American line, was taken and sunk in the neighborhood of Sumatra. The Pontoporus, which is a Greek steamer, was taken to port.

The Australian also have helped cripple the German cruisers in the Pacific by the seizure of the German ship Comet, which was to be utilized to keep in touch with the movements of the Turkish fleet which has been strengthened by the former German cruisers Goeben and Breslau and which has been ordered to the Black Sea, has led to the suspicion that it is about to attack the Russian fleet. Already firing has been heard off Kustendje. It was reported, however, that Turkey has hinted that unless more money is forthcoming she will be compelled to demobilize her army. Turkey usually raised funds in France and England.

ITALIAN CONSUL ASKS GOV. DUNNE FOR AID

TROUBLE BETWEEN WILLISVILLE MINERS PROMPTS ACTION

Adj. Gen. Dixon is Sent to Investigate and Nearest Company of Illinois Guard is Ordered to Prepare to Move at a Moment's Notice.

SPRINGFIELD, Ill., Oct. 15.—The Italian consul at Chicago tonight wired Governor Dunne, asking for aid because of threatened violence at Willisville, Ill. where an Italian was killed last Monday. The governor immediately wired the sheriff of Perry county for information and wired the captain of the nearest company of the Illinois Guard at Carbondale to have his company prepared to move at a moment's notice. The governor also sent Adjutant General Frank S. Dixon to Willisville to investigate.

Italian and American Liners Fight. Willisville, Ill., Oct. 15.—Trouble between miners of different nationalities culminated Sunday night in a shooting affair between Italians and Americans. Sam Clazza was killed, his brother, Albert Clazza, arrested, and Will Adams and Ben Cooper were injured. The next night when Sheriff Bressner was taking Clazza to the county jail he was stopped by masked men, who took his prisoner a few feet down the road and shot and killed him.

PRINZIP ADMITS SHOOTING AUSTRIAN ARCHDUKE AND WIFE

Says His Object Was to Show the World the Desperation to Which the Whole Slav Population Under Austria Had Been Reduced.

Rome, Oct. 15.—Additional details have been received here of the arraignment at Sarajevo Tuesday of Gavrio Princip, the assassin of Arch Duke Francis Ferdinand of Austria, together with Prinzip's wife and twenty-one other alleged accomplices in the crime.

According to these details Prinzip, in addition to having admitted that he shot the arch duke and his wife, declared that far from repenting his deed he was proud of what he had done. It was not a crime, he said, as his object was not to kill a man, but to show the world the desperation to which the whole Slav population under Austria had been reduced.

The prisoner grew eloquent as he proceeded, declaring that he was no more criminal than those Hungarians, Italians, Poles or Irishmen "who, because of the some distressing conditions in their countries during the nineteenth century, found everything which the Slav nation as a whole or families as individuals considered most sacred, using all the weapons at his disposal."

The moment arrived when rebellion was a duty, when the only thing possible was to protest by striking at the individual who incarnated such a despotic, retrograde and cruel organization," Prinzip declared.

The prisoner grew eloquent as he proceeded, declaring that he was no more criminal than those Hungarians, Italians, Poles or Irishmen "who, because of the some distressing conditions in their countries during the nineteenth century, found everything which the Slav nation as a whole or families as individuals considered most sacred, using all the weapons at his disposal."

TRIBUNA SAYS PRESENT WAR MAY CONTINUE FOR YEAR OR YEARS

ROME, Oct. 15.—The Tribuna in an article in which the situation is reviewed, says that the present war cannot be compared with that of 1866 or 1870 and that it is illusory to think that it will last only three, six or nine months.

"This is not a war of governments," says the paper, "but of nations, races. The fundamental interests involved, similar to those of the Napoleonic war, may result in its continuance for a year or years. Therefore Italian neutrality is a transitional condition, due to circumstances which may change at any moment."

"There is thus necessity for military, economic and diplomatic preparation on the part of the government and morale and political preparation on the part of the public. The future decisions of Italy will be taken with a view to the absolute exclusion from Italian interests of outside influences and impractical idealisms."

SERIOUS LAND SLIDE STOPS TRAFFIC ON PANAMA CANAL

PANAMA, Oct. 15.—A serious land slide on the east side of the Panama canal, north of Gold Hill occurred during the night. Traffic of necessity has been stopped and Col. Goethals could not say today when the canal again would be navigable. It is hoped that a few days will prove sufficient time in which to reopen the waterway.

A preliminary survey today showed that the slide extended for a distance of about 1,500 feet north of Gold Hill and started on a line from 65 to 100 feet from the edge of the canal. It is not possible as yet to estimate the amount of rock and dirt which entered the channel, but it is declared that it must have been many thousand cubic yards.

It was first reported that there had been movements from both sides of the canal, but this proved to be untrue.

ASSEMBLY VOTES ITSELF SUPREME

Mexican Military Chiefs Subject to Orders of Aguascalientes Meeting

DELEGATES TAKE OATH

Swear to Abide by Majority Vote on All Questions, Including Form of Government

SUGGEST NEUTRAL ZONE

MEXICO CITY, Oct. 15.—All the military chieftains, including Francisco Villa, Emiliano Zapata and Venustiano Carranza, are now subject to the orders of the Aguascalientes convention which today, after a stormy secret session, voted itself the supreme power of the land. The delegates took oath to abide by the majority vote on all questions, including the form of government and presidential succession.

The question of the kind of government that shall prevail will be decided at a session to be held October 20, when a full Zapata delegation, numbering 22 men, will be present.

Prominent delegates to the conference say the question of further civil strife in Mexico City has been definitely decided and that peace is assured. A majority of the delegates lean toward a commission form of government until general elections can be held though many of them favor Antonio L. Villarreal for the provisional presidency.

Under the new arrangements, Gen. Carranza can be a candidate for the presidency in the general election.

Denies That Carranza Resigns.

Mexico City, Oct. 15.—The Mexican foreign minister Ysidro Fabela today denied that Gen. Carranza had resigned the supreme power of the constitutionalists in favor of Antonio Villarreal, governor of the state of Nuevo Leon.

Proposed Neutral Zone.

Naco, Ariz., Oct. 15.—The establishment of a neutral zone on the Mexican side of the border has been suggested officially, it was learned today, as a preventive against the situation which for two weeks has confronted the little American town of Naco.

C. W. Harris, adjutant general of the Arizona national guard, visited Naco today to investigate for Governor Hunt, who has protested to the Washington government against the fire from the Mexican side, which he asserts has imperiled the lives of the residents of the American town.

General Harris had no statement to make tonight before his return to Tucson, but it was learned that the Arizona state government would welcome the establishment of the neutral zone and that several United States army officers along the border already had suggested the idea to the war department.

The Arizona state government, it was learned, intends to make a test case of the Naco affair and to bring all possible pressure to bear on the Washington government to prevent border fighting which would afford danger to residents of the American side.

Governor Maytorena's Indian troops continued today their persistent attack on Naco, but a direct assault was made. Few bullets fell on the American side, although the Southern Pacific railroad station of the Sonora town, located a few yards was struck by a shell and burned to the ground.

ATTEMPT TO BURN DOCKYARDS OF AUSTRIA'S NAVAL SHIPYARD

Report Says Dreadnaught and Six Torpedo Boat Destroyers Are Badly Damaged.

Rome, via Paris, Oct. 15.—Despatches received here today from Trieste, Austria, say the attempt to burn the dockyards of Monfalcone, sixteen miles northwest of Trieste, the present naval ship yard of Austria, has caused a deep impression among the authorities, as it is considered proof that there exist daring and powerful internal enemies.

The evidence shows that the attempt was especially directed against a dreadnaught, which is almost completed and for whose launching arrangements had been made for next Sunday. The vessel was badly damaged and the fire also caused serious damage to six torpedo boat destroyers which were in course of construction.

The police of Trieste have arrested several of the 5,000 workmen of the dockyard and a strict watch is being kept over others.

Confirms Report of Fire.

London, Oct. 16.—1:55 a. m.—A despatch to the Reuters Telegram Co. from Berlin, via Amsterdam, confirms the report of a fire in the Austrian dockyard at Monfalcone but says only three "steamers" were damaged. It adds that the monetary loss was heavy.

TWO SHIPS COLLIDE; PASSENGER FOUNDERS

CRASH OCCURS IN DENSE FOG; PASSENGERS AND CREW ARE SAVED

Freighter Iowan Strikes Incoming Metapan About Thirty Feet From the Bow—Ship Fills Quickly—"S. O. S." Calls Are Quickly Answered Promptly.

NEW YORK, Oct. 15.—The steamer Metapan coming in from Colon, founded in the lower harbor late today after a collision with the freighter Iowan, leaving port for San Francisco. All her 67 passengers and her crew were rescued. The Iowan, less seriously damaged, stood by and her boats took aboard two of the Metapan's passengers. The remainder were transferred to rescuing craft and landed in New York tonight.

The freighter remained at a late hour at anchor near the scene of the collision. The extent of the damage to her could not be stated definitely, but passengers of the Metapan said her bow was badly twisted.

The Metapan is a United Fruit Co. steamer and sailed from Colon on October 8th for this port. The crash with the Iowan as she was entering port, occurred in a dense fog, according to the officers and passengers. The freighter was first seen when she was only a short distance away. In an effort to avert the crash the Iowan is said to have let her anchor, but the headway was greater than she could overcome. She hit the Metapan about thirty feet from the bow of the ship on the port quarter, stowing through the steel and iron and inflicting a wound that caused the Metapan to fill quickly.

The wireless operator on the Metapan immediately sent "S. O. S." calls for assistance which were answered quickly by six or eight vessels which were near, among them being the United States dredge Atlantic, working about a quarter of a mile distant, and the British cruiser Leacaster, on patrol duty off this harbor.

As soon as it was seen that the steamer was sinking, Captain H. Spencer of the Metapan asked the pilot, who had just come aboard, the way to the nearest shoalwater, and the vessel was headed in that direction. He also ordered out the boats and all hands were taken off the steamer without panic or confusion.

Among the passengers were J. Campbell Besley and two of the members of his exploration party in Peru.

U. S. FOREIGN TRADE SHOWS SLOW BUT STEADY IMPROVEMENT

President Informs Callers That He Has Learned Demand for American Goods Abroad Shows Marked Increase.

Washington, Oct. 15.—The foreign trade of the United States shows slow but steady improvement in the opinion of President Wilson who told callers today he had learned through letters and personal talks that the demand for American goods abroad has shown a marked increase recently. The call for American made cotton fabrics, is particularly noticeable in Spain, the Scandinavian countries, and in South America, he said. Buying of raw cotton has not been resumed on a large scale he added, largely because of the difficulty in getting quotations.

The president indicated his belief that the cotton situation would be improved before the picking of this year's crop.

Foreign trade for September showed marked recovery from the extremely low levels reached in August according to preliminary figures given out today by the department of commerce. These showed September imports to have been \$9,436,777 more than in August, while exports increased \$45,821,236.

Imports last month totalled \$139,204,267, compared with \$171,084,843 in September, 1913, and \$144,819,193 for September, 1912. Export figures are:

September, 1914, \$156,188,790; 1913, \$218,240,001; 1912, \$199,678,062.

Gold imports amounted to \$2,761,590 as against \$4,626,746 for September of last year. Gold exports were \$21,887,202, compared with \$496,037 for September, 1913.

The balance of trade again shifted to the export side in September, exceeding imports by \$16,981,523 as against an excess of imports amounting to \$19,408,356 in August.

URGES WOMEN TO AID WORK.

Washington, Oct. 15.—Women prominent in official circles have been urged to co-operate with the Red Cross to relieve distress in Europe by Mrs. William Jennings Bryan, who advised the society today that the movement gave every prospect of success. Practically all of the recognized women's organizations throughout the country already have manifested an anxiety to help the relief work in some practical way.

DOG DISCHARGES GUN.

Rock Island, Ill., Oct. 15.—Charles J. Meyer, aged 20, was shot and killed today when his pet hunting dog springing into the boat from which Meyer was hunting, stepped on the trigger of his gun.

MAKE PROGRESS ON REVENUE BILL

Senate Agrees to Many Important Sections of Emergency Tax Measure

DEFER COTTON AID VOTE

Amendment Authorizing \$250,000,000 Bond Issue to Aid Cotton Producers Is Debated

PASS ALASKA LEASING BILL

WASHINGTON, Oct. 15.—Despite efforts of southern senators to divert discussion to cotton relief legislation, the senate made material progress today on the war revenue bill. Many important sections were agreed to after the proposed amendment authorizing a \$250,000,000 bond issue to aid cotton producers had been debated and a vote deferred.

The senate agreed to strike out the tax on proprietary medicines, originally proposed by the senate committee and revised the administrative sections of the bill to accord with this amendment. The revised section taxing the shipment of newspapers was agreed to and an amendment inserted exempting from the stamp taxes memorandum of agreements under which stock certificates are deposited as collateral for loans.

Two new amendments were presented but consideration went over until tomorrow. They dealt with the tobacco and wine schedules. These, with the cotton controversy, were the most important proposals still pending when the senate recessed tonight.

The amendment relating to the shipment of newspapers, provides that no bill of lading be required on express and freight shipments and that all bundles in any single train or other conveyance should be considered as one shipment. Publishers to issue monthly statements as to such shipments and to attach necessary stamps to these stipulations. The amendment exempts from tax, newspapers shipped within the county of publication.

The cotton controversy occupied most of the day. Senators Smith of Georgia and Sheppard of Texas advocating the proposal. Amendments embodying similar relief measures for the copper industry and the cereal farmers of the country were presented by Senators Smoot and McCumber.

Senate leaders made every effort to speed consideration of the bill, but plans for an adjournment of congress by Saturday were practically abandoned.

Pass Coal Land Leasing Bill.

Given up as dead legislation less than a week ago, the Alaska coal land leasing bill, revived at the instance of President Wilson and Secretary Lane as part of the administration's program of this session, awaits only the president's signature to become a law. It went through its final ordeal in the house today virtually without opposition.

The bill is designed to throw open to a system of leases under competitive bidding the immense coal resources of Alaska, tied up the last eight years and pending claims which will be adjudicated within a year.

The Bering River, Matanuska and Nenana coal fields will be the first surveyed, the government retaining 1,200 acres in the Bering and 7,630 acres in the Matanuska fields and one half of all other coal areas. To prevent monopoly the government reserves the right to mine coal for the benefit of the army and navy or for the operation of the government railroads in Alaska.

CHICAGOANS APPROVE BILLS.

Washington, Oct. 15.—Approval of the anti-trust and trade commission bills was given today by the Chicago Association of Commerce in a telegram to President Wilson. "We believe that in the administration of these laws the opportunity afforded for a prompt hearing upon complaint will result in the speedy suppression of evil practices and in the promotion of honest business," the message said.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, Oct. 15.—Cloudy, probably showers Friday; Saturday fair.

Temperatures.

The current, maximum and minimum temperatures recorded for Thursday were:

B. L. T. on "Rog" and "Rob." "Robins," says Sullivan, "is a polygamist who has married in succession every party we have had in our time." But consider the case of Woodrow Wilson, who, when he married into the Democratic party, had to marry the holdam family. He must be ashamed of some of his relatives by matrimony—Mr. Sullivan, for example—but he doesn't say so.—Chicago Tribune, Oct. 14.

Grant Graff is making an excellent canvass for election as sheriff of Morgan county. His record is an open book and the people have reason to expect it. He is a man who would fill the office with credit to himself and the party. Mr. Graff is a Morgan county product, a man who believes in law and order and he has the qualities which commend him as an efficient officer. A county sheriff should be a man of such type and Mr. Graff's qualifications are appealing to the voters of all parties.

Aiding Dependent Children.

Rev. C. C. Beyer, a field worker of the Illinois Children's Home and Aid society, is again in Jacksonville soliciting funds for that institution. About 8000 children have been cared for in Illinois by this society and of the number 105 have been taken from Morgan county. Many Jacksonville citizens have for years taken an interest in the society and its work. Because times are not as prosperous as in other days there are now more dependent children and collections are also more difficult. Donations will be especially appreciated and will aid in a great and splendid work.

FOREST NOTES:

Wireless telegraphy is being used in Canada in reporting on forest fires.

The best excelsior is made from basswood, or linden, aspen and cottonwood, however, supply nearly half of the total amount manufactured.

The King of England has given permission to have a part of the royal estate placed at the disposal of the school of forestry at Cambridge University for purposes of experiment and demonstration.

William Penn, in his Charter of Rights, provided that for every five acres of forest cleared one acre should be left in woods. Foresters today maintain that on an average one-fifth of every farm should be in timber.

Recent experiments indicate that round timbers of all the pines, of Engelmann spruce, Douglas fir, tamarack, and western larch, can be readily treated with preservatives, but that the firs, hemlocks, redwood, and larch spruce, in the round, do not take treatment easily. This information should be of value to persons who contemplate preservative treatment of round posts, poles, or mine props.

Lawyers Form Sherman Club.

Organization of Sherman clubs in Chicago's business and professional circles has been launched.

The lawyers and commission merchants are first in the field with the Sherman banner.

Almon W. Bulkley was elected president of the Lawyers' Sherman association and T. H. Clifford, secretary.

"Senator Sherman, in his brief term in the senate, has demonstrated his ability as a studious, thoughtful statesman," said Mr. Bulkley last night. "When he has spoken he has held the attention of the senate, and his speeches have been worthy of the best traditions of that distinguished body."

"He has in voting shown himself a Republican, loyal to the tenets of the party, but not bound by any narrow conception of his duty to the great mass of the people. He is in touch with the spirit of the times. Illinois has sent many illustrious men to the senate. Sherman is the equal of any of them. It would be a shame for the people of this state to deny him a full term."

"The lawyers, perhaps a little more than others, are in a little closer touch with affairs in congress and in consequence they know the value of Sherman. That is why the Lawyers' Sherman club is formed—to keep Sherman in the senate."

Taking a Look Ahead.

The warm fall days have continued longer than usually happens this year and this fact is likely to make the average citizen forget that the days of winter are really near at hand and that a change is due now at any time. The wise father by this time has made arrangements for his fuel and has at least begun to look up supply and prices of the staple articles for the table which are purchased in quantities and stored away for the winter's use. The provident mother too has looked after the clothing for her children and everything is ready to keep them warm and comfortable during the cold and raw days.

However there are mothers and fathers and other people too who

have not realized how near is the approach of the winter season. It behooves them to give thought to them atter for present days are indeed the proper ones for the buying of warm underwear, and gloves, heavy overcoats, suits, dresses and furs. And when you are buying these good and necessary things do not fail to remember that they can be found in the stores of Jacksonville, right here at home, in such styles and at such prices that there is no valid excuse for buying elsewhere.

War and Education.

Any student of our own history can easily trace the terrible effects of our great Civil war on public education in this country says the Educational Press. Through the great efforts of such men as Horace Mann in the East and Newton Bateman in the West, public education was spreading throughout the commonwealth and being organized in more and more effective forms and systems. With the coming of this great war all progress in this line came to a standstill. Superintendents, teachers, presidents of colleges and normal schools, and members of their faculty, board of education, board of directors resigned to go to the front. Many young men who were entering upon high school or higher education to prepare themselves for teaching in the public schools, gave up their work and shouldered a musket. These, however, were not the main effects of the war on public education. The great waste of property and wealth with its attendant war taxes, diverted the financial energies of the country away from public education. No system can expand and become more effective in its work without largely increased revenues.

Again, the calling of so many men from the peaceful pursuits made it necessary for boys and girls of school age to stay at home and work in order to maintain the family. All these, and many more direct results of the war, set back the progress of public education in Illinois a quarter of a century.

It is easy to see how the great war which is now raging in Europe, will set back every movement for the betterment of humanity in the same ways. The forces which build up civilization and contribute to the formation of character, the spread of intelligence and happiness, are always the losers when the forces which seek to destroy and kill are dominant.

THE USE OF THE DISC HARROW.

Most farmers have a disc harrow, but most of them do not use them for the purposes they might. It has been found out in the last 19 years, that they can be used for a great number of purposes. A farmer should have a disc harrow for every four work horses on the farm. The uses of the disc harrow are numerous. It is easy to operate, and seldom gets out of repair. Any one who can drive a four horse team, can operate a disc harrow. Every implement dealer should post him- self on the different uses of the harrow and miss no opportunity to spread his knowledge among the farmers.

Where corn is to follow corn, there is no implement that will play so important a part in raising a big crop as the disc harrow. The first day of spring weather the disc harrow may be used to a good advantage. By this time the weeds will have made a start. The disc kills them, cuts up any old trash that might be left on the field from last season. It prevents the moisture from escaping in a dry season by forming a dust mulch above the surface. If heavy rains come, the soil is in better condition to drain off the surplus water. In about ten days, a second crop of weeds will appear and this will be the second crop of weeds to be destroyed. This is very important in preparing soil for alfalfa. Sometimes a third crop of weeds may be killed before time to plant corn. In discing a heavy crop of stalks before planting it sometimes interferes with the working of the coulters by pushing the stalks ahead and causing it to clog badly. In such cases use a jointer, instead of a rolling coulters.

Fall plowing and discing in the spring is one of the best methods of preparing the soil for a spring crop. If stubble is hard after harvest, use a disc harrow first and it will make it possible to do a better job of breaking for fall wheat.

The disc harrow however, is not a wet weather implement but when the soil is dry and thoroughly disced it is in better condition to stand a wet spell.

If there is trouble in keeping gang bolts tight, tighten them with a wrench as much as possible, take a heavy hammer and drive bolts up from center of disc as tight as possible, then use hammer to tighten nuts and if properly done they will stay tight.

In operating a disc harrow, see that gangs run level by keeping bearings in center, properly adjusted, which is sometimes done with a lever and at other times, with a wrench.

A tandem attachment is simply used as an attachment to level the soil after the disc, and all done at one operation. A seeding attachment is used when the soil is not in perfect condition and in such cases, is better than a disc drill.

TAFT PRAISES WILSON'S STAND.

Providence, R. I., Oct. 15.—Praise for President Wilson for his neutral attitude in the present war was voiced today by former President Taft and Andrew Carnegie at a luncheon of the Chamber of Commerce.

"President Wilson has taken the exact stand," Mr. Taft said, "and has expressed it with admirable accuracy."

MARITZ REBELLION HASTENS GEN. BOTHA'S DEPARTURE

Premier of Union of South Africa is Taking Field Earlier Than He Originally Intended.

Cape Town (via London), Oct. 15, 10:30 p. m.—As a result of Colonel Maritz's rebellion in the northwest of the Cape Provinces, General Louis Botha, premier of the union of South Africa and commander of the troops of the Union, is taking the field earlier than he originally intended to. General Botha is placing himself at the head of several strong Dutch commands organized on the old Burgher line, which are affiliated with regiments trained by the Union defence forces.

Commandants, field colonels and burghers who served under Gen. Botha in the South African war, are rallying to his call irrespective of their political feeling to fight along side the English in defence of the empire against which they were in arms twelve years ago. This fact has had a marked effect on waverers who are now flocking to General Botha's standard.

The other rebels within the Union, having openly declared themselves, the government considers itself not obliged to deal gently with them out of the consideration for certain Dutch people, who even though they are not strong supporters of the government, are said to have drawn the line at rebellion.

The government also is adopting stern measures by arresting prominent men who are suspected of sowing sedition, charging them with high treason.

General Hertzog, who has been one of Gen. Botha's most bitter opponents, has placed his services at the disposal of the premier.

PRINCESS MARY ISSUES AN APPEAL.

Asks Christmas Present For Every Sailor and Soldier.

London, Oct. 15, 7:35 p. m.—Princess Mary has issued an appeal in which she says:

"I want you all to help me send a Christmas present from the whole nation to every sailor afloat and every soldier at the front. On Christmas eve, when like the shepherds of old, they keep their watch, doubtless their thoughts will turn to home and loved one left behind. Perhaps too, they will recall the days when as children themselves they were wont to hang up their stockings wondering what the morrow had in store."

"I am sure we will be happier on Christmas morning to feel that we have helped, by sending our little token of love and sympathy—something useful or of permanent value, the making of which may be the means of providing employment in the trades adversely affected by the war."

It is hoped that the appeal will result in the raising of \$500,000 for the provision of gifts taking the form of an embossed brass tobacco or cigarette box, pipe and tinder lighter.

WITHDRAWS PLAN OF REORGANIZATION

Wabash Committee Says It is Actuated by Conditions Which Pertain to This Country Alone.

New York, Oct. 15.—The committee which recently undertook to reorganize the Wabash Railroad Co., has notified the public service commission of Missouri and the State Public Utilities Commission of Illinois of its withdrawal of the plan submitted to those two bodies a few months ago.

In reaching this conclusion the committee stated that it "has not treated as a decisive condition" of this matter the unparalleled catastrophe of the war in Europe, "but that it has been actuated in large part by the condition which pertains to this country alone and which of late have grown vastly in their disturbing significance."

After outlining the difficulties which have beset the Wabash in its proposed financial department, the committee considered the attitude of the federal and state governments.

GERMAN CAVALRY ENTERS FORTRESS.

Official Statement Announces Seizure of Fortress of Przemyśl.

London, Oct. 15, 10:25 p. m.—The following German official statement was received here tonight by the Marconi Wireless Telegraph Co.: "It is reported officially from Vienna that our cavalry has entered the fortress of Przemyśl, Galicia, from the west. The enemy, perplexed by the rapidity of our operations in Russian Poland, Galicia, tried in vain to prevent our relief of the fortress by detaching troops to the west. They were unable, however, to raise the advance of our army."

"The Fifth and Sixth Russian infantry divisions attacked by us, have fled in the direction of the river San. A Cossack cavalry division and an infantry brigade in a strong position west of Dynow, Galicia, were defeated after brief resistance."

PYTHIAN SISTERS' OFFICERS.

Springfield, Ill., Oct. 15.—Pythian Sisters in State convention here today elected the following officers:

Grand Chief—Mrs. Flora K. Allen, Decatur.

Grand Senior—Mrs. Mary Long, Du Quoin.

Grand Manager—Mrs. Nellie Sanders, Galva.

Grand Mistress of Records—Mrs. Mary Jones, Streator.

Grand Mistress of Finance—Mrs. Frances Gause, Canton.

CANVASSING BOARD HOLDS JONES PETITION IS INVALID

State Board Declares Few Names on Petition of Chicago Minister Are There Legally.

Springfield, Ill., Oct. 15.—The state canvassing board today held to be invalid the primary petition of Jenkin Lloyd Jones as an independent candidate for state senator in the Third district. A total of 406 names of qualified voters were required for the petition and attorneys for the candidates attacking the validity of the document filed by the Chicago minister declared that but seventy-five of the names on the petition are there legally. In defense of the petition, attorneys for Jones declared a sheet containing sixty names had been stolen and another petition of forty names had mysteriously disappeared. The evidence in the case was presented by Samuel A. Ettelson, Republican, John B. Regan, Democrat, and Marius Peterson, Progressive, candidates for senator in the district.
The canvassing board also heard the defense offered by George M. Maypole to objections raised to his petition as an independent candidate for the lower house in the Twenty-First district. Maypole said if the contest he has instituted against Benjamin M. Mitchell is given a fair hearing he will withdraw his independent petition.

CLOSE PORT OF OSTEND OWING TO APPROACH OF GERMANS

Cross-channel Steamers Now Busy Taking Refugees From Dunkirk and Calais.

Folkestone, Eng., Oct. 15 (via London).—The cross-channel steamers which have been busy for days past transporting refugees from Ostend, which port is now closed, owing to the approach of the Germans, are being employed now in bringing refugees from Dunkirk and Calais. These refugees are Belgians, who succeeded in getting to France from their own country and owing to the panicky feeling in the French ports are now just as anxious to come to England.

Leopold II, one of the regular Ostend liners, which left here last night, was warned not to enter the port and proceeded to Dunkirk, where she remained until this afternoon, when the vessel returned to Folkestone.

Heavy firing could be heard at Dunkirk throughout the night but it was said that the Germans were a long way from the town.

The princess Henrietta, which left Ostend yesterday with Belgian soldiers who were landed at Calais, also arrived here this afternoon bringing refugees. Calais, they reported, is filling up with people from the surrounding country and from Belgium. A fleet of fishing boats has also arrived filled with passengers from coast ports. Three thousand Belgian wounded have arrived here. Some have not had their wounds dressed for six days.

STATES LACK OF FUNDS WILL FORCE TURKEY TO DEMOBILIZE

Message From Constantinople To Rome Says Ottoman Empire Has Informed Germany of Situation.

London, Oct. 15.—A Central News despatch from Rome says: "According to a telegram from Constantinople published here, Turkey has informed Germany that owing to a lack of money she will have to demobilize her army."

Washington, Oct. 15.—No confirmation of the report reaching Rome from Constantinople that Turkey had notified Germany of her intention to demobilize her army because of financial embarrassment, was received today at the Turkish, German or British embassies. Official advice reaching the state department however, apparently were in conflict with the report.

A message from Constantinople said the Turkish government was seeking to purchase one hundred motor trucks in the United States. It was not stated whether the trucks were intended for military use or not.

DISPLAY SHOWS HISTORY OF INCANDESCENT LIGHTING

A display in the window of the Jacksonville Railway & Light Co. shows the development of the incandescent lamp from its invention thirty-five years ago, to the last word in such illumination, the high power modern nitrogen lamp. Graphic cables show the increased cost of living during the last twenty-four years as contrasted with the decreased cost of lighting. The thirty-fifth anniversary of the lamp will fall on Oct. 21 and the company is preparing an observance of Edison's great invention.

YOUNG MEN OF CHRISTIAN CHURCH ARE GIVEN BANQUET

The Loyal Woman's class of Central Christian church, taught by Mrs. G. H. Harney, gave a banquet at 6:15 o'clock Thursday evening in the church dining room for the young men of the Intermediate and Senior departments of the Sunday school. C. L. Mathis, Sunday school superintendent, was toastmaster. P. F. Whistler spoke on the outlook of the Christian young man and the Rev. M. L. Pontius spoke of the ways in which pastor and young men can be mutually helpful. Byron Carpenter responded to a toast for the Intermediates and Floyd Williamson for the Senior young men.

The Farms of America will be called upon as never before to help feed Europe.

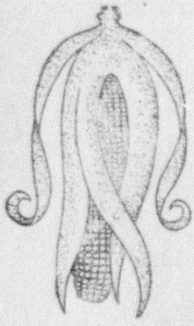

THE DEMAND FOR FARM PRODUCTS will be sure and strong for several years to come. American farms may be pushed to the limit to supply this demand.

PREPARE FOR THE 1915 HARVEST. Careful seed selection, thorough tillage and cultivation and good judgment will bring increased crops. More intensive cultivation, quite as much as increased acreage, will bring farm prosperity.

DI-ERSIFY YOUR CROPS. Experience proves that a one-crop country cannot continue permanently prosperous. Raise more live stock. Plant more legumes. Cows, cattle, hogs, poultry, alfalfa, clover and soy beans mean ready money and fat bank accounts as well as more fertile fields.

DON'T SPECULATE on the fluctuations in the prices of farm products or on the other fellow's game. Expand along legitimate lines.

MORGAN COUNTY with its fertile lands and intelligent farmers was never in a more secure position or one that promises more if the opportunities are embraced.

The Farmers' State Bank and Trust Company

has all faith in the future of this community. It welcomes the business of farmers and extends to them every accommodation for the expansion of their business to which they are entitled.

COURT INSTRUCTS VERDICT IN CHAPIN APPEAL CASE

Evidence Not Sufficient to Show That Coulson's Dog Killed the Wallace Hogs—Court Adjourns Until Monday.

The jury which heard the evidence in the case of J. W. Wallace against Irvin R. Coulson, Thursday, acted upon the instruction of Judge Jones and returned a verdict finding the defendant not guilty. The motion to instruct the jury to this effect was made by Messrs. Wilson and Brookhouse on behalf of the defendant at the conclusion of the testimony for the prosecution and was allowed. The case was the result of the alleged killing of several hogs by a dog owned by the defendant. A motion for appeal was entered.

After making the following docket entry Judge Jones adjourned court until Monday afternoon, October 19. William Gray vs. Florence Roberts and George Haynes, bill for foreclosure. Distribution approved and cause stricken.

New Suits Docketed.

E. H. Doolin vs. John Koenig, confession. The amount of the claim is \$102. Taylor H. Henderson vs. Lee Gaither and Chester Gaither, distress for rent.

RAYMOND HITCHCOCK AT GRAND IN PLEASING COMEDY CREATION

Master Entertainer Plays for Large Audience in New Musical Comedy, "The Beauty Shop"—Receives Excellent Support from Company.

A master at the art of entertaining appeared last night when Raymond Hitchcock, as the leading character in the "Beauty Shop," portrayed for a large audience at the Grand, the amusing oddities and vainglorious life history of the cleverest of all beauty doctors, Dr. Arbutus Budd. Mr. Hitchcock had excellent opportunity to show his varied talent and the support given by his company was uniformly good. "From the lips of everyone came praise for the wit and droll artistry of the famous Raymond Hitchcock. The production, pure musical comedy as it was, impressed the people favorably and there can be no doubt of Manager Johnson's good taste in selecting high class productions.

A distinguished critic has referred to "The Beauty Shop" as being "a musical play with a punch in every act." Dr. Arbutus Budd portrayed by Mr. Hitchcock is a unique type of the up-to-date Beauty Specialist whose sympathetic susceptibilities are played upon by the fascinating social set of ultra New York swifdom until he finds himself woefully depleted as to finances, and is finally forced to conduct his business for the benefit of his stormy-hearted creditors. Subsequently, he seeks relief by a journey to Corsica in search of a mythical inheritance that proves to be a illusion and snare.

NEW SUITS AND COATS IN THE LATEST MODELS. SOME SPLENDID STYLES AT \$12.50, \$16.50 AND \$18.50. SEE OUR WINDOW DISPLAY TODAY.

E. J. WADDELL & CO.

AN OLD DIPLOMA.

An interesting incident of founders day at the Women's College was the presentation of the college of the diploma awarded to the late Mrs. Thomas Turley on the first commencement day of the college. Miss Alice Turley, one of Mrs. Turley's three daughters, all of whom are graduates of the college, made the gift of the diploma which now has historic value and Dr. Harker at the exercises yesterday morning expressed his appreciation.

MINISTER IS HONORED.

The Rev. F. W. Burnham, former pastor of the First Christian church of Springfield, and now pastor of Wilshire boulevard church at Los Angeles, Cal., has been elected by the national convention of the Christian being held at Atlanta, Ga., to the responsible position of general secretary of the American Christian Missionary society. If Mr. Burnham accepts this position his headquarters will be at Cincinnati, Ohio and he will take up the work about Jan. 1st.

Mr. Burnham was years ago a resident of Chapin.

DENTISTS AND PHYSICIANS MEET IN PROFITABLE JOINT SESSION

Banquet at Dunlap Is Followed by Address by Dr. Herbert A. Potts of Chicago—Dentists Elect Officers and Plan January Meeting.

Diseases of the mouth with relation to general health was the theme of a profitable address by Dr. Herbert A. Potts of Chicago, Thursday afternoon at the 1:15 o'clock luncheon of the Morgan County Dental society and the Morgan County Medical society at the Dunlap hotel. Dr. Potts was formerly an associate physician at the Jacksonville State hospital and has for some years had a successful medical practice in Chicago. He is a graduate in both medicine and dentistry. His announced subject was "The Relations of Mouth Infection to General Systemic Conditions." The address was followed by discussion lead by Drs. Hairgrove and Norris. Dental clinics were held after the banquet in the parlor of the hotel.

There were present three visiting dentists: Dr. A. B. Carey, Jr., of Pittsfield; Dr. B. W. Carey, of Griggsville, and Dr. G. E. Conroy of Griggsville also.

Dentistry as preventive medicine was the key-note of Dr. Potts' address. The dental practitioner will be recognized as guardian of public health. Rather than awaiting the development of serious diseases of the teeth or mouth, he will give attention more and more to preventive measures, such as the proper instruction of the patient regarding the daily care of the teeth, systematic and periodic examination for tooth defects, and attention to the same at the proper time.

Examination of school children for defects of the mouth was urged by Dr. Potts and careful attention to the health of the first or baby teeth was strongly recommended. Abscesses in many cases are the cause of unsuspected disorders and an unhealthy mouth may mean a dull student.

Dr. Potts made use of slides exemplifying the use of the X-ray in diagnosis. Chronic abscesses at the end of roots, cysts, blind abscesses and faulty fillings may often be discovered by the radiograph and remedied when otherwise their existence would go undetected.

Dental Society Officers.

At a business session of the dentists after the meeting, the following officers were selected: President—Dr. Charles Hopper. Vice President—Dr. C. B. Sawyer. Secretary and treasurer—Dr. A. J. Applebee.

The dental society are planning a meeting in January and to make arrangements for this event a committee composed of Dr. A. B. Carey, Jr., of Pittsfield; Dr. C. B. Sawyer and Dr. F. C. Noyes, was appointed. The committee in charge of the joint meeting at the Dunlap was Dr. J. C. Widenham, chairman; Dr. C. B. Powell, Dr. A. B. Applebee and Dr. W. B. Young, representing the dental organization and Drs. Ogram, Stacy and Foley from the Morgan County Medical society.

REITERATES DETERMINATION TO KEEP APPROPRIATIONS DOWN

WASHINGTON, Oct. 15.—President Wilson today reiterated his determination that government appropriation next year shall be less than those of this year and that strict economy be observed in all departments. He told callers that every effort would be made to keep the expenditures down and said he had strongly impressed this on members of the cabinet and of the senate and house.

President Wilson is hopeful of the establishment soon of a budget system under which the finances of government could be handled in a more business like way. Because of the limited time in the next session of congress, however, he thought it would be impossible to create such a system before the next congress.

SCIENCE TO COMBAT THREATENED EPIDEMIC

Unfavorable Report Regarding the Health of German Soldiers.

Amsterdam, Oct. 15.—Via London, 9:29 p. m.—The Het Leven today publishes an interview. Its correspondent at Metz had with Professor Bosserer, who, he says, has been charged with the task of combating a threatened epidemic among the German troops.

The correspondent declares Prof. Bosserer gave him an unfavorable account of the health of the German soldiers, asserting that there was a large number of cases of dysentery, and inflammation of the lungs and several cases of typhus among them. He added, however, according to the correspondent, that nothing else could be expected when troops had to stay five days in trenches half full of water.

CAPTURE GERMAN LINER.

London, Oct. 15.—A despatch to Lloyds from Gibraltar says the Hamburg-American line steamer Graecia, from New York to Cadiz, Spain, was brought into Gibraltar today as a prize.

The last records of the steamer Graecia give her sailing from New York August 27 for Cadiz. She is a vessel of 2,799 tons and is commanded by Captain Metzenthin.

NEW METHODIST CHURCH IS PLANNED BY CONCORD PEOPLE

Committees Appointed at First Quarterly Conference Wednesday and Preliminary Steps Begun—Will Build on Old Site.

Plans for a new Methodist church building were worked out Wednesday afternoon at the first quarterly conference of the Concord M. E. church, convened at 2:30 o'clock at the home of the pastor, the Rev. W. P. Bowman. E. M. Harmon, John Kershaw and George Lewis were appointed on the building committee and Edward Whorton, C. E. Rexroat, C. E. Saunders, Mrs. C. W. Yeck and Clyde Cooper, compose the financial committee.

The present church building at Concord is very old and there has been talk for a long time of erecting a new one. It is probable that work will begin on the new structure in the early spring months. Concrete walks are now being put in, adding much to the appearance of the property. The funds raised can all be used on the new building as the congregation plan to make use of the same site occupied by the present building.

HONORS ARE PAID TO I. W. C. FOUNDERS

SIXTH ANNUAL COMMEMORATION
SERVICES HELD THURSDAY.

Addresses Made By Former Governor Yates, Dr. Harker and Dr. Pitner—Special Honors Paid to Memory of A. C. Wadsworth For Many Years President of the Board of Trustees.

The sixth annual commemoration of Founders' Day occurred at Illinois Woman's college Thursday and the exercises were of an unusually interesting character. The principal address was delivered by Hon. Richard Yates and Dr. T. J. Pitner and Pres. J. R. Harker had important parts on the program. Special honor was paid on this occasion to the late A. C. Wadsworth, who for a great many years was president of the board of trustees of the college and gave very largely of his means and time for the support of the institution. Dr. Pitner, in presenting a portrait of Mr. Wadsworth, gave an appreciation of the man who had been almost his life long friend and in whom he had seen no fault during those years. In his address, Ex-governor Yates also paid tribute to Mr. Wadsworth, and it was indeed fitting that he as a son-in-law of Mr. Wadsworth should have such an important place on the program.

The exercises of the morning were carried out in accordance with the following program:

Order of Exercises.
Organ Voluntary, Pilgrim Song of Hope (Battiste)—Director Henry V. Stearns.
Tology, Creed, Gloria Patri.
Scripture selections.
Psalm 121.
Hymn 160—How Firm a Foundation.
Prayer.
Vocal duet, Night at Sea (Thomas)—Miss Louise D. Miller, soprano; Mrs. Florence Pierson Hartmann, contralto.
The Founding, Endowment and Equipment of Colleges—President Harker.
Violin solo, Adagio from Symphony Espagnole (Lalo)—Mrs. Rosalind M. Day.
Archibald Clark (Wadsworth), an Appreciation, with Presentation of Portrait—Dr. T. J. Pitner.
Address—Hon. Richard Yates.
Closing prayer.

Dr. Harker in his address talked not so much about the past of the college as he did about the future, and he emphasized again the very broad vision he has as related to the institution. He firmly believes that within ten years the Woman's College can with justification hope to have a student body of four hundred in the college proper, and that there can readily be funds and buildings secured to accomplish these things. He said that the whole project of building a great institution can be summed up as far as the finances are concerned, in the matter of earning, saving and giving money. He said that the very large part of the million dollars which would be required to accomplish the things he mentioned had already been earned and saved, and that therefore all that remained was for the money to be given.

Dr. Pitner's Tribute.
Dr. Pitner in his remarks spoke as a friend who had long held Mr. Wadsworth almost in reverence. He referred to him as a perfect man, and said in part:

"It is a privilege and not a task that has been assigned me today. I am glad of the opportunity to pay a tribute to the memory of Mr. Wadsworth. It is certainly fitting that we honor one who was so long and efficiently connected with the management of this institution. He was forty years a trustee, he stood by it during its fiery trials. He was one of the few others who stood under it when about to fail. He held in most grateful remembrance his long and faithful service. I knew Mr. Wadsworth for fifty years, was a member of his class in Grace church when I was a student in Illinois college, and early came to admire and to love him. He was my exemplar indeed, and indeed a model for all young men. Afterwards for forty years I was his physician, and in that confidential relationship nothing but the finest traits of manhood were exhibited. In long association in church work he was found always faithful, always hopeful and remarkably helpful. No one could present the duty of active and co-operation in church work to a lagging brother more effectively—he might chide, but always with a smile. He had abounding faith, hope and courage. We never saw him dejected, but always optimistic, always genial.

"It was delightful to meet him. He never exhibited anger or manifested resentment. I never heard him utter a harsh or unkind word or wound the feelings of the most sensitive spirit. Mr. Wadsworth was a true gentleman and always showed it in his conduct. He was modest. He had self respect, but not self esteem. He would blush like a young girl at the slightest compliment. His large generosity found expression in a wide beneficence. His ideal and standards were the highest and best, and he never lowered them. Mr. Wadsworth was a devout man. Faith, love and service were the dominant forces of his life."

A telegram was read by Dr. Harker from the Rev. Julian Wadsworth and Mrs. Wadsworth which was as follows:

"Providence, R. I.
"President Joseph R. Harker,
"Illinois Woman's College,
"Jacksonville, Ill.
"In loving thought of those who have laid foundations on which others are now building.
"Julian and May S. Wadsworth."
Ex-Gov. Yates' Views of Life.

Former Governor Yates made an address of characteristic eloquence. He spoke too in a somewhat personal way for his life has been interwoven with college history in more ways than one and underlying all were inspiring thoughts of how great a field the world presents for women of character, who realize that the things of this life really worth while are founded upon work and love. He said that the longer he lived the more he came to know the value of knowledge and to realize that there was nothing else of much importance save righteousness. He paid tribute to the strength of the founders of the college and to those men and women who in later years gave their all to the institution. A paragraph or two herewith give expression to the seriousness of the speaker's thoughts.

"One third of July night in Jacksonville, I saw a spectacle which impressed me strongly then, and which impresses me strongly now. I have never forgotten it. It was 3 o'clock in the morning, and I was on my way home from the Journal office. It was the night before the Fourth of July, and I was to deliver a Fourth of July address, and my thought was all full of the nation, of the nation's weal, of how great it was and what had made it great, and of what might keep it great.

Three Essentials.
"Suddenly I saw, clearly outlined on the west wall of a great church, a horseshoe, the shape of a gigantic horseshoe, alleged omen and symbol of good fortune. I had never seen it there, although I had come that way before a thousand times. I stopped. I investigated. I found out all about it. It was the shadow of a blacksmith's sign, a horseshoe, thrown, by an electric light, upon the wall of the church. That was all. It had never been there before. My old friend, Stephen Gray, had a blacksmith shop just west of that church, and on that day he had put this sign, this horseshoe, up, in front of his place of business. But it was a handwriting on the wall to me, and always has been. For there was refined invention, in the electric light, stamping the emblem of industry, upon the habitation of God. There was the Light of Science on the one side, the Love of Religion on the other and the Labor of Life between. And man, and his mistake about it, all three are necessary in America. Had the electric light been extinguished, or the wall of the sanctuary destroyed, or the emblem of labor lowered, there would have been no picture. And just so, if either Science or Labor or Religion be omitted from our American life, we can never have the America for which the great Washington warred and the great Lincoln died."

In summing up the life and character of Mr. Wadsworth the speaker said:
"Triumph and Disaster."
"It has been my good fortune to know many of the generation of the founders of this institution, and many of those who were lineal descendants of the founders, and to know one of those men better than I ever knew any of the others, and to know this man well—exceedingly well.
"I am informed I may say a few words about this man. I mean Mr. A. C. Wadsworth.
"To me he seemed as near to being perfect man as I could imagine or conceive in this day and generation; he was not an angel or a saint; nothing would have more displeased him than being so designated or so represented; but he was so manly, in physique, in endurance in concealing suffering, in taking steps for others, physically; in wisdom, in disposition, in optimism, in meeting business triumph and disaster—you know Kipling says: 'If you can conquer your triumph and disaster And treat those two impostors just the same.'"

"Mr. Wadsworth was so manly in all these, that it is a pleasure to mention it to people who knew well and have seen, as many now living in Jacksonville have, the religious, devotional side of his life and character. He was never sanctimonious or pretentious in his religious utterances; he did not preach yet he never talked with any living man for an hour without inquiring whether that man believed in God, and was satisfied with his religious experience. When I asked him, years before his death, to speak, into the mouthpiece of a dictaphone, a few words, so that after his death his children and grandchildren might themselves hear what he would say to them if living, he instantly spoke these words:
"If any man lack wisdom, let him ask of God, who giveth abundantly and ungrudgingly not."
"And those words are upon that

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she hasn't heard of this splendid embrocation is probably not reading the papers to much extent. And if she is, it is a happy thought to send hubby to the drug store. "Mother's Friend" is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the muscles from becoming rigid, it enables them to go through the ordeal without laceration of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" is highly recommended by a host of women. Write Bradfield Regulator Co., 508 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers. The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

Use "Gets-It," Corns Shivel, Vanish!

It's the New Way, and You'll Forget You Ever Had Corns.

"2 drops put on in 2 seconds, corns shivel, comes clean off." That's the marvelous story of "GETS-IT," the new-plan corn cure. Nothing can be simpler for the cure of corns—and it

never fails. That's why millions of people are using "GETS-IT" today and throwing away their fussy plasters, sticky tins, toe-eating salves, and "wrapping outlets" that make a bundle around the toe and choke it into pain by pressing either on or around the corn. There is nothing to stick to your stocking, nothing to cause inflammation or redness, nothing to pass on or around the corn. You apply it in 2 seconds. No more knives, razors, scissors or files, with their blood-poison dangers. Try "GETS-IT" for that corn, callus, wart or bunion. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Jacksonville by Armstrong's Drug Co.—J. A. Obermeyer.

FLOWER DAY AT WASHINGTON SCHOOL

Annual Flower Competition Held by Children of the Fourth Ward Under Auspices of the Parent-Teachers' Association of That Ward.

Wednesday was Flower Day at the Fourth Ward school and despite the long hot summer and the lateness of the starting of school a fine array of flowers was presented by the contestants in the show.

When the Woman's Club gave the annual flower show at the library the Parent-Teachers' association of the Fourth Ward took up the work at the Washington school and Wednesday's array of flowers was a credit to the association and to the students and children of the ward.

On account of the lateness of the season there were no asters, but marigolds, zinnias, cosmos, nasturtiums and cyster beans were abundant.

The committee composed of Mrs. John R. Robertson, chairman, Mrs. W. D. Roberts and Miss Harriet Sibert awarded prizes to the following:

Cosmos.
First prize—Mae Gunter, \$1.00.
Second prize—Harold Holler, 50 cents.

Dwarf Marigolds.
First Prize—Edith Strandberg, \$1.
Zinnias.
First prize—Harold Holler, \$1.00.
Nasturtiums.

The nasturtiums raised by Mary Floeth, Ruth Patterson and Gladys Wintler were so alike in beauty and arrangement that the prizes were divided among the three equally. Each received an award of fifty cents.

Castor Beans.
The castor beans raised by Grace Campbell and Augusta Webster were of equal excellence and first prize was divided by the two, each receiving fifty cents.

RETURN FROM WEDDING TRIP.
Mr. and Mrs. Walter Bellatti returned Thursday from a wedding trip of several weeks to points in the eastern states and Bermuda. On the British island they made a stay of fifteen days and enjoyed through out a most pleasant journey.

Wasted Men

The war goes on, there is no sign of peace; no seer can say when gory strife shall cease; no gifted prophet, in his spangled robe, can send a dove around the weary globe; the guns still roar, the captains march and slay, men's lives, like threshed out chaff, are thrown away. The young men die, in batt's, siege and rout; who knows what genius has been plotted out? Perhaps a Shakespeare lies among the slain, born to the boys, and born, alas, in vain! Full many a youth, with bright, splendid dreams, gives his warm blood to swell the crimson streams which molder Europe, till their misty arise, and spread a veil of red across the skies. The youth and genius of their artist hands, are carving flesh, like weapons in their artist hands, are carving swords, when brushes are their own. Alas, what waste, what sinful waste of men, to prove what sword is mightier than the pen.

CHICAGO SOX CAPTURE CITY CHAMPIONSHIP

AMERICAN LEAGUE WIN GAME ON TWO HITS.

With Cubs Leading With Two Runs Sox Fight Hard—Is Fourth Consecutive Time Sox Have Taken City Championship Honors.

Chicago, Oct. 15.—The Chicago American League Club today won the final game of the series to decide the championship of Chicago when it defeated the National League rival 3 to 2. This is the fourth consecutive time that the American League has triumphed over the local Nationals. The series went to full seven games, the American League winning three straight.

The American Leaguers came from behind and won the game on two hits. With the Nationals leading by two runs the Americans fought hard. Weaver started the fourth inning by getting on base when Derrick fumbled his sharp grounder. The next two men were retired easily on fly balls. Humphries could not locate the plate and Fournier drew a base on balls. Darkness was setting in. Roth caught a ball on the outside of the plate and doubled it over first base, scoring Weaver and Fournier. Demmitt followed with a base on balls and Schalk singled to right center scoring Roth. Vaughn then replaced Humphries and retired the side after the damage had been done.

The Nationals started with a determination to win the game at the jump. Each drew a base on balls off Scott and scored when Collins misjudged Good's long drive, which went over the center fielder's head for a triple. A minute later Zimmerman doubled down the left field line and Good scored. This caused the retirement of Scott and Cicotte, who replaced him, proved to be the master of his opponents. Cicotte pitched his best ball in the pinches and when the Nationals threatened to tie the count in the ninth after Saier had led off with a double he retired Zimmerman on strikes and with a man on third in the same inning he forced Bresnahan to pop to Weaver.

The total paid attendance was 14,879. The gross receipts were \$8,931.25. Of this amount the National commission's ten per cent was \$883.12 and each club received \$4,019.06.

R. I. Dunlap, Postmaster.

MORENA TO HAVE SPEED TRIALS COMING WEEK.

Battleship Built by the New York Ship Building Company for Argentine Government.

Philadelphia, Pa., Oct. 15.—The battleship Morena, recently completed for the Argentine Government by the New York Shipbuilding Company, left the yards for her builders at Camden today for her official speed trials, which will take place during the coming week off the Maine coast.

The Morena is a sister ship to the Rivadavia, which has recently been completed at Quincy, Mass. These two warships built in the United States for the Argentine Government, are the biggest things in battleship construction that exist. They are the first of the so-called dreadnaughts to be built in the United States for a foreign country.

The Morena has a total displacement of 27,500 tons, is 565 feet long, 98 feet in breadth and has a normal draught of 27.6 feet. Externally she resembles vessels of the class of which the British cruiser-dreadnaught Lion and the United States battleship Arkansas are types. The wire screen type of masts used in the United States Navy are used on the Morena, and her twelve guns are mounted so as to make it possible to use them in a single broadside, either port or starboard. Unlike the Arkansas the Morena has two of her six 12-inch turrets amidships between the funnels. In the American battleship four of the funnels.

The batteries of the Morena consist of the twelve 12-inch guns, which constitute the main battery; twelve 6-inch, six of which can be fired broadside at the same time the main battery is fired; twelve 4-inch guns, besides several guns of smaller calibre, and two 21-inch submerged torpedo tubes. The 12-inch guns are protected by 13-inch thick armor in front, 11-inch armor in the back and 3 inch armor on top of the turrets. The ship as it stands completed cost the Argentine Government nearly \$12,000,000.

TO PRACTICE AT JANEVILLE.

La Fayette, Ind., Oct. 15.—Coach Andy Smith of the Purdue football squad, which is to meet Wisconsin at Madison, Saturday, journeyed today to Janesville, Wis., where the team will go through a light practice tomorrow. The remainder of the trip to Madison will be made Saturday morning.

Purdue expects to muster its full strength against Wisconsin and is counting on a victory.

E. H. Sothorn is said to have declined an offer of \$2,000 a week from a manager who wanted him to make a thirty weeks' tour in "If I Were King."

Jessie Combs is visiting in Jack-

TEN RULES OF CONDUCT.

Used By School Board of California School.

The ten rules of conduct which the school board of Santa Barbara, Cal., has distributed for use of the children in the public schools of the city might well be used throughout the country. Surely their careful observance would be a powerful factor in creating a reputation for courtesy and consideration on behalf of the rising generation. Here are the rules:

1. To be polite is to have a kind regard for the feelings and right of others.
2. Be as polite to your parents, brothers, sisters and schoolmates as you are to strangers.
3. Look people fairly in the eyes when you speak to them or they speak to you.
4. Do not bluntly contradict anyone.
5. It is not discourteous to refuse to do wrong.
6. Whispering, laughing, chewing gum or eating at lectures, in school or at places of amusement is rude and vulgar.
7. Be doubly careful to avoid any rudeness to strangers such as calling out to them, laughing or making remarks about them. Do not stare at visitors.
8. In passing a pen, pencil, knife or pointer, hand the blunt end toward the one who receives it.
9. When a classmate is reciting, do not raise your hand until after he has finished.
10. When you pass directly in front of anyone or accidentally annoy him, say, "Excuse me," and never fail to say "Thank you" for the smallest favor. On no account say "Thanks."

EXETER.

Miss Neely Funk, daughter of Mr. and Mrs. Charles Funk, was married Saturday to William Bean. Both are well known in this town. The bride is quite a musician.

G. M. Ratigan and daughters, Mary and Anne were Mt. Sterling visitors Sunday.

Walker and Stewart Armitage are visitors in Exeter.

C. C. Carter was a town visitor this week. He is seeking the county judgeship and is busy among the voting community.

G. M. Ratigan and family were Jacksonville visitors Wednesday.

The young folks had a party at the town hall Saturday evening and had an enjoyable time.

Margaret Pierce is a visitor at the home of Edwin Berry.

Little Ruth Funk is visiting at the home of Mrs. Henry Woods.

Manuel Six and wife and granddaughter, Katie Six, were Bluffs visitors Sunday.

Jessie Combs is visiting in Jack-

sonville for a time.

Bluffs and Exeter played a game of baseball Saturday. The game was in favor of Exeter. Sunday they played another game and Bluffs was the winner.

Maggie Brackett is visiting her grandmother, Mrs. Jasper Taylor for a few days.

James Moke is visiting homefolks. William Redshaw passed through town Saturday in his auto.

Mrs. Robert Brackett was visiting at the home of her mother, Mrs. Mary Buchanan.

Mrs. Walter Armitage and son Ot visited in Jacksonville Sunday and Monday.

MORGAN.

Miss Josephine Taylor of Chapin spent Sunday with Miss Noda Coulson.

Mr. and Mrs. W. B. Markham and daughter, Effie of Chapin visited last Wednesday with Chas. E. Williams and family.

Harry Anderson of Pittsfield spent Saturday and Sunday with relatives in the vicinity of Bethel.

Constable J. B. Holliday of Chapin was a business caller here Wednesday.

Miss Edna Hutches of Franklin visited her parents, Mr. and Mrs. James Hutches Saturday and Sunday.

Misses Halle Withee and Edna Hall of Jacksonville spent Sunday with S. C. Taylor and family.

It is reported on good authority that the switch at Morgan will be taken up this week and taken to Bluffs where it will be used to lengthen one of the switches.

BUSY DAY FOR BANKERS.

Richmond, Va., Oct. 15.—This, the second day of their fortieth annual convention, was a busy day for the members of the American Bankers' Association. Rural credits and the relations between the banker and farmer formed the general theme of discussion. President Arthur Reynolds called the session to order at 9:30 o'clock this morning and Bishop O'Connell delivered the invocation.

The programme for the session included addresses as follows: "Fundamental Problems in Highway Improvement," by Logan W. Page, director of the Public Roads Bureau of the United States Department of Agriculture; "The Banker and the Larger Citizenship," by Edward K. Graham, president of the University of North Carolina; "Soil Fertility: The Greatest Necessity and the Best Investment," by Dr. C. G. Hopkins, of the University of Illinois, and "Educating the Producer," by Dr. J. D. Eggleston, president of the Virginia Polytechnic Institute. The business of the convention was brought to a close this afternoon with the report of the committee on nominations and the installation of the new officers.

DURBIN.

Mrs. Henry Schofield, Mrs. Chester Schofield and Miss Mabel Schofield spent the past week at the home of B. F. Rawlings.

The Willing Workers expect to meet with Miss Irene Mills on Thursday, the 15th.

George Durham is in a Jacksonville hospital for treatment on account of being struck in the eye by a piece of wire he was cutting.

Mrs. Roberts who is a patient at Dr. Day's hospital, is said to be improving satisfactorily.

Mrs. J. W. Scott returned from a visit in Matteson and Charleston Sunday.

Mrs. C. Setzekors and daughter, Edna, of St. Louis, were guests of Mr. and Mrs. J. W. Scott Monday and Tuesday. Miss Myra Schupp accompanied them home.

Mr. and Mrs. William Oxley attended a family reunion at the home of Mrs. Criswell in Franklin Sunday.

Glasses Made for You

We do not stop at merely selling the "best made" glasses,

In each individual case we make sure that both lenses and mountings are really becoming.

Ladies especially appreciate this feature of our work.

Bring your Hats to us for quick work and expert attention.

Felt Hats, and Derbys.

All kinds of hats.

WIDMAYER'S CASH MARKET
217 W. State Street

Until a new play is ready for her,
Grace George has decided to tour
the country in a revival of Clyde
Fitch's "Truth", under the manage-
ment of Winthrop Ames.

Receipts of hogs today were about
21,000; market opened early with
the shippers and speculators the
principal buyers on a basis of 5 to
10c higher, and in some cases more.

The big packers refused to follow
the advance at the start, but later
got into the game and a good clear-
ance was made. Top was \$8.20;
bulk of the light and light-weight
shipping sold from \$7.90 to \$8.15;
medium and heavy shipping \$7.70
to \$8.00; light mixed packing \$7.35
to \$7.65; heavy packing \$7.20 to \$7.50;
rough and throwout packers \$6.75
to \$7.10. There was not much
change in pigs. We look for mod-
erate receipts the balance of the
week and a good healthy trade.
Clay, Robinson & Co.

HERE FROM WASHINGTON.
M. R. Cooper, assistant in farm
cost accounting, office of farm man-
agement, Bureau of Plant Industry,
United States Department of Agri-
culture, was in the city a few days
this week giving attention to the
research work as carried on in the
local farm management office. The
work carried on by these depart-
ment experts has been of much as-
sistance in the past and bulletins are
now in course of preparation which
will throw additional light on how
the farmer may conduct his enter-
prise in a manner thoroughly
business-like.

WORLD'S MARKET NEWS

SELLING PRESSURE
OFFSETS EXPORTS

Orders to Unload Flood Wheat
Market as Soon as Prices
Show a Tendency to Advance

OTHER STAPLES SHOW LOSSES

CHICAGO, Oct. 15.—Selling pres-
sure from a number of leading
farms acted as more than an offset
in wheat today for assertions that
export business was in progress on a
huge scale. There was an unset-
tled close at 1 1/4c net decline. Corn
finished 1/4c to 3/4c down; oats off
1/4c to 3/4c and provisions varying
from the same as last night to a
loss of 22c.

Orders to sell flooded into the
wheat market as soon as prices at
the opening showed a tendency to
advance. Much of the unloading
came from speculators who bought
on yesterday's upturn and who had
become skeptical in regard to gossip
that export transactions were being
concealed to a much greater extent
than was generally supposed. The
ensuing fall of prices was followed
by two strong swells due to sea-
board estimates that European buy-
ing today at Winnipeg, Duluth and
Chicago and in the southwest
amounted to 1,500,000 bushels to
2,000,000 bushels. The effect, how-
ever, failed to last as the figures
for the most part could not be con-
firmed.

Prospects for better weather tend-
ed to ease off the corn market.
Country offerings remained small
but the majority of traders were ex-
pecting a material enlargement of
the crop movement soon. Oats de-
veloped a good deal of resistance to
bear attacks as eastern shipping de-
mand continued good. The market
nevertheless gave evidence of some
weakness with the weakness of other
grain.

TAKE COUPLE BACK TO OTTUMWA TO ANSWER MURDER CHARGES

Missouri Farm Boy Tells of Killing Show Owner to Get Money to Marry a Snake Charmer.

Chicago, Oct. 15.—Clarence McCormick, a Missouri farmer boy, and Mrs. Ruth McCullough, a snake charmer, for love of whom McCormick shot and killed Irvin Mellott, started tonight back to Ottumwa, Iowa, to stand trial on murder charges.

Before leaving, McCormick, not yet 19 years old, born and raised in the little Missouri town of Lancaster, told how he had been inspired by the charms of Mrs. McCullough, to join the street show with which she was connected. Mellott, a son of a wealthy farmer, lured by the excitement of the traveling show, had just become its owner and McCormick was to act as a Barker.

In order to get money to wed Mrs. McCullough, who was to get a divorce, McCormick shot and killed Mellott, according to his confession to the police.

McCormick and Mrs. McCullough then walked to Hedrick, Iowa, stole a ride on a freight train to Monmouth, Ill. and then came to Chicago on a passenger train.

A letter from McCormick to a boy friend caused them to be traced here and they were arrested today just after they had spent the last of the money taken from Mellott. In his signed confession, McCormick exonerated Mrs. McCullough. He had planned the crime alone, he said, and committed it without letting his sweetheart know of his intentions.

The two were in the back seat of Mellott's automobile October 6, a mile from Hedrick. "I fired four times," said McCormick but the bullets were so small they only stunned Mellott. Then I beat him with a monkey wrench until he was dead."

GEORGIA SUPREME COURT DENIES FRANK A NEW TRIAL

ATLANTA, Ga., Oct. 15.—Leo M. Frank, under sentence of death for the murder here in April, 1913, of Mary Phagan, an employee of the pencil factory of which Frank was superintendent, today was denied a new trial by the Georgia Supreme Court. The court held that Frank's showing of newly discovered evidence was insufficient.

This was Frank's fifth attempt to obtain a re-trial or annulment of the verdict which was returned August 25th last year. He still has pending before the state supreme court an appeal from the lower court's denial of a motion to set aside the verdict on the ground he was not in the court room when it was returned. It is expected arguments on the appeal will be made in about two weeks.

AMERICAN CONSUL AND WOMEN AND CHILDREN TO LEAVE TSING-TAU

NEW YORK, Oct. 15.—The East and West news bureau tonight gave out a cable message from Tokio dated October 14, as follows:

"Acting upon the message sent the Japanese embassy to save the non-belligerents from the danger arising from siege operations, the German and Japanese envoys met on October 13. As a result of their negotiations the American consul with a number of women and children of German nationality are to leave Tsing-Tau on October 15 and be sent to Chiau-Fu on the Shantung railway, now under the control of the Japanese army.

"The Japan peace society gave, on October 13, a dinner at the Nippon Club, Tokio, in honor of Mr. Allen, president of the California Peace Society. It was attended by Baron Shibusawa, Baron Sukutani, Dr. Soyaeda, Mr. Nakano, and other prominent men and a toast was proposed, amid cheers, to the friendly nations on both shores of the Pacific."

TO STANDARDIZE WEIGHTS. New York, Oct. 15.—A three days' conference on weights and measures commissioners from New York, New Jersey, Massachusetts, Maine, Rhode Island, Connecticut, Minnesota, Illinois, Indiana, California and the district of Columbia, began in this city today. The object of the commissioners is to standardize weights and measures regulations throughout the country.

VOTE TO RECALL COMMISSIONER. Denver, Oct. 15.—A recall election the first to be in Denver, will take place tomorrow to determine whether Alexander Nisbet, commissioner of safety, will be removed from office. Charges of "grafting and non-enforcement" of gambling and vice regulations, made by those upon whose petition the recall movement was instituted.

W. C. Nickel of Concord was visiting in the city yesterday.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD--END CATARRH

Instant Relief When Nose and Head Are Clogged From a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache will disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet,

fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Not in years have women's Suit, Dress and Coat manufacturers faced a condition like the present. Anticipating a big season they made up tremendous stocks of merchandise. Then came the war, and, as if that was not sufficient, the country has had a continued spell of warm, unseasonable weather that has not been known in years. As a result, big firms all over the country are cancelling orders, stocks are accumulating and manufacturers are absolutely compelled to UNLOAD REGARDLESS OF THE SACRIFICE. Now's the time when MONEY TALKS and Mr. Strauss went into the market with the CASH, and bought tremendous lots of finest garments AT PRACTICALLY HIS OWN PRICE. The greatest bargain event of this store, noted for its extraordinary bargain sales, is ECLIPSED by this sale, which IS NOW GOING ON.

CANADIANS REACH ENGLAND; ARE DISEMBARKING AT PLYMOUTH

OTTAWA, Ont., Oct. 15.—Announcement that the fleet of thirty-two transport steamers carrying the Canadian expeditionary force of thirty-three thousand reached England today and are disembarking the troops at Plymouth, has been cable to Premier Sir Robert Borden by George E. Peirley, a member of the administration now in Great Britain.

The selection of Plymouth as the place of debarkation is taken as an indication that the Canadians will be encamped on Salisbury plain.

Arrival in England on Oct. 8 of the vanguard fleet carrying the Canadian contingent abroad was reported in cable messages received here on that date.

WILL HELP ORGANIZE FUND. New York, Oct. 15.—Conferences took place here today between leading banking interests and representatives of the Southern cotton planters regarding the formation of a large pool to finance the cotton crop and thereby ease the foreign exchange situation. Some of the largest banks of this city have expressed their willingness to help in the organization of a fund amounting to \$150,000,000 with which to assist planters and other cotton dealers, whose interests have suffered severely as a result of the European war.

DOES NOT AFFECT NEUTRALITY. Washington, Oct. 15.—Commercial transactions between the belligerent governments of Europe and private citizens of the United States in no way affect the neutrality of this country, even if arms and ammunition are involved, according to a statement issued today by Robert Lansing, acting secretary of state.

HONORS ARE PAID TO I. W. C. FOUNDERS (Continued from Page 7.)

"5. Three additional dormitories to cost \$200,000.

"6. In order to make these buildings possible we would need an enlargement of our campus and grounds. This would cost \$100,000.

"I think I have expressed the needs in buildings very moderately, but it aggregates a total for buildings and for necessary equipment of \$500,000.

"For such a plant and for the needs of 400 college students it would require twenty additional members of the faculty.

"As the college is now equipped, we are spending for each student, \$50 a year more than she pays in tuition. For 400 students we would require an endowment income, over and above what the students pay, of \$20,000, and for the maintenance of these additional buildings \$5,000 a year of endowment income would be required. To provide this additional income of \$25,000, over and above what the students pay, would require an additional endowment of \$500,000.

"I say again that in the above I have kept myself clearly within reason. We are not ambitious for a very large college when we talk about a college of 400 students. I have stated the needs of 400 students as moderately as it is possible, and yet it totals a round million dollars, which must be added to our college plant in order to make even fairly adequate provisions for even a small good college.

"Second, is such a consummation thinkable?

"Again I wish to be conservative and to speak moderately. And my reply is that it is easily thinkable.

"The growth of the college really began in 1900. Since then for a few years we made a yearly advance of about \$25,000. For the last four years we have made an advance of nearly \$50,000 annually. To meet the million dollar need, which I have shown in the above estimates, it is only necessary to make an advance of \$100,000 a year for ten years. Ten times one hundred thousand make a million.

"Third, Where would the million dollars come from?

"There are three processes in securing wealth: First, earn the money; second, save it; and third, give it. To my thinking the most of the million dollars that we need to make a college here has already been earned and saved. Some of it will yet be earned and saved in the next ten years, but for the most part what is earned and saved in the next ten years will be needed for some other college president to think about. I repeat again that I believe that the most of the million dollars that we need has already been earned and saved. It is a happy thought

to believe that it is already in the hands of our friends.

"The Woman's college has, I think, thousands of friends. Its trustees, its more than a thousand alumni, its many thousands of former students, its present faculty, its former teachers and its present loyal and enthusiastic body of students and their parents—among these are thousands of friends, loyal to the college, and anxious to prove their loyalty. And these friends have friends, and these have other friends, an endless chain."

Following the exercises trustees, faculty, students and guests enjoyed a picnic lunch served in the Domestic Science department. Had the weather been favorable the company would have been guests at Dr. Pitner's home.

CONCORD.

Miss Camille Keyser of El Paso, Ill., visited her roommate, Miss Sara Frances Deirich of the I. W. C. Jacksonville over the week end at the delightful suburban home of her parents, Mr. and Mrs. George Deirich.

Mrs. Frances Markille and daughter, Miss Lola, of Jacksonville returned Monday from a visit with relatives at Winchester.

We are rejoiced to hear that Mrs. Mason Frank, who has spent the summer on a fruit farm in Michigan is gaining in health and intends returning home the forepart of November.

Glen E. Caldwell returned Monday from business trip to Peoria.

Geo. E. Lewis is erecting Miss Jane Ator's new house and also Roy Crouse's.

Harry Yeek sold his farm at Sulphur Springs to Eliza Harmon but all sincerely hope it will not result in Mr. Yeek and family leaving this community.

Mrs. Martha Robinson visited her sister, Mrs. Julia Schaffer of Ardenville and attended the Home Coming and Autumn Festival there.

Mrs. Mesdames Ora Ham, Roy Crouse, John Mick, Cass Blimling and Miss Ida Diggs attended the Burgo and Home Coming at Ardenville, Wednesday.

Samuel Hacker and wife went to Jacksonville Friday p. m.

Ed Willard spent Sunday at Thomas Titus' home.

(Mrs. Arch McConnell and Miss Flora Filson were guests of Mrs. Frank Polseroff at Ardenville during the Home Coming and Miss Filson also visited Mr. and Mrs. Arthur Wood on North Prairie.

Lloyd Smith spent Saturday a. m. in Jacksonville on business as also did Sidney Smith, his uncle.

Geo. Johnson, contractor of Jacksonville, is building Chas. Rexroat's 8 room modern house here.

Montgomery Sweet of near Winchester was here Monday going to Loomis for a visit with relatives.

Messrs. James and Geo. Deirich represented our community in Jacksonville Tuesday.

WOODSON.

Misses Hazel and Ida Widmayer and brother Charles, all of Jacksonville, spent Saturday and Sunday with Mr. and Mrs. John Obert and family.

Mrs. Stewart Sheppard of Roodhouse was the guest of her sister, Mrs. Robert Crone part of last week.

Oliver Henry of Chicago visited his parents, Mr. and Mrs. John H. Henry, two days last week.

Mrs. Nannie Westover and Miss Josephine Pyatt of Jacksonville were guests of Dr. and Mrs. R. R. Jones, Monday.

Mr. Wm. Clegg of Murrayville visited relatives here Saturday.

Mr. and Mrs. Edwin Cade and daughter, Miss Mae, were guests of relatives in Murrayville Sunday.

Owing to the inclemency of the weather the social of the Ladies Aid society was postponed until Wednesday afternoon of this week.

H. C. Hewett of Portland, Oregon is spending a few days with John Obert and family.

Mr. and Mrs. Jake Brightenstein of Bucklin, Kansas are here for a visit with his mother, Mrs. William Adams.

Mr. and Mrs. S. J. Baxter, Mrs. C. C. Self, Miss Meda Gallagher, Miss Marie Megginson, Dr. G. W. Miller and R. D. Megginson attended the chicken fry given by members of the Eastern Star lodge in Jacksonville.

The Misses Marguerite Steinmetz, Marie and Lena Adams and Ruth Gallagher called on Mr. and Mrs. C. J. Craigmile in Murrayville Sunday evening.

Matthew Daniels of Bluffs is visiting his sister, Mrs. Wm. Adams.

Miss Grace McFarther has been suffering a severe attack of tonsillitis but is better at this writing.

Rally day was observed at the Presbyterian church Sunday.

CROSS ROADS.

J. J. Shepard who has been very sick is much improved at this writing.

A couple of new houses are in the course of erection and will soon be completed. Think we will have some new neighbors in the near future.

T. S. Hembrough shipped a car

United States Must Mobilize--In Agriculture

Remember we buy and sell farm land on a scientific basis. Help the people to build up their farms.

If Interested in Farm Lands—

If Interested in Soil Analysis—

If Interested in Commercial Fertilizers—

Let us talk it over with you before buying.

Be Sure and Read This Space Each Day

Office, 411 Ayers Bank Bldg. Main Office, 11042 Michigan Avenue, Chicago.

JEFFREY CLEARY & CO Soil Chemists and Dealers in High Grade Farms

Story's Exchange & Employment Agency

Strange, isn't it? When land values are on the increase, everybody is afraid to sell, for fear it might go higher, and they would not get all the profit. When land values have decreased for any reason, everybody is afraid to buy for fear it might go lower, and they would be loser. Consider the reasons for land going to the high point. Good seasons, heavy crops, high values of farm products, cheap money. Consider the reasons for the decrease—bad season, crop failures, and high interest.

Now listen—we are SURE of cheaper money soon. We are reasonably certain that we will have better reasons and SURE to have high crop and stock values.

Conclusion—Don't be a dunce. If you want to buy a farm, and let the opportunity go by to get a rare, good bargain, NOW, for values are DEAD SURE to increase with alfalfa and ensilage. If you don't believe we have something worth while, step in, and let us show you farms within five or six miles of Jacksonville from \$65 to \$150 per acre. Let us show you farms where you can pay 1-3 cash, and have the deferred payments at 5 per cent, direct from the owner. But you must DO IT NOW. Costs nothing to investigate, and might do you some good.

WANTED—Registered Shropshire Buck.

**MRS. CATHERINE CARROLL'S
WILL IS ON RECORD**Well Known Resident Distributed
Real and Personal Property
Among Relatives.

The will of Mrs. Catherine Carroll has been filed for probate in the office of County Clerk C. A. Boruff. Mrs. Carroll first provided for the payment of debts and for erection of a suitable gravestone. In the second place she bequeathed household goods and personal clothing to Miss Mary White, daughter of Mrs. Nora M. White. \$50 is bequeathed to the church of Our Savior for masses for the deceased.

Other provisions of the will are as follows: To Michael White as trustee, the sum of \$200, the interest from which fund is to be expended for maintaining the cemetery lot belonging to the deceased; to Mrs. Norah White a life interest in the south half of lot thirteen in Chambers' first addition to Jacksonville, which at her death is to become the property of her daughter, Miss Mary White. A deed for this property was made some time since, but the testatrix mentioned it in her will in case of some possible error in the transfer. To Mrs. Norah M. White in fee simple the north half of lot 136 in the original town of Jacksonville.

The executor is directed to sell all the remaining of the real estate and distribute the net return therefrom to the nephews and nieces of Mrs. Carroll, who are the children of Mrs. Mary Morrissey and Michael and Wm. Leary, the said nephews and nieces to share equally. The same distribution is to be made of the residue of the personal estate.

Michael White is named as executor of the will, which was dated August 6, 1909, and witnessed by Walter Ayers, Hester J. Doyle and Jas. H. Raybitt, Jr. A codicil to the will was made Sept. 28, 1914, witnessed by M. J. Woollan, Mrs. L. C. Mathews and W. T. Wilson, where-in the testatrix bequeathed the sum of \$1,000 to Mary White.

**MANY PASS CIVIL
SERVICE EXAMINATION**

O. M. Pugh and T. S. Yates of This City Successful in Passing Test—
Frank J. McComb Not Eligible.

Springfield, Ill., Oct. 15.—Frank J. McComb, whose status as superintendent of the state capitol caused a serious clash between the late Secretary of State Woods and the civil service commission, is to lose his position. An eligible list announced today by the civil service commission shows that McComb did not pass the examination.

The others who passed in their order are:

Homer D. Jackson, Chicago; Howard J. Slagle, Elgin; Paul L. Grady, Chicago.

The eligible list for various positions follows:

Store keeper—William F. Dunne, Rock Island; Roy B. Tulpin, Taylorville; Freeman C. Turner, Pontiac; Louis Kuhlitz, Menard; Oscar M. Pugh, Jacksonville; Floyd J. Heckel, Dwight; Lawrence J. Jochem, Quincy; Walter A. Mason, Oakland; Charles A. Bradley, Staunton; Oliver F. Biggs, Carbondale; Lester E. Sawyer, Waukegan; and the following from Chicago: George W. Leversee, John R. Merritt, Earl W. Vickery, Samuel B. McLane, Alexander A. Trawinski, Frank A. Countriman, E. F. Reynolds, John H. Clancy and Martin Gorski.

Deputy state fire marshal—Harry Moss, Paris; John J. McKenna, Chicago; William J. Hanafin, Chicago; Thomas A. Greeley, Chicago; John E. Gallivan, Champaign; Hugh G. Stummmer, Martin D. Ever and William H. Berber, Springfield.

Pharmacist—Oliver B. Pierce, Elgin; Victor E. Czahurski, Chicago.

Physical culture teacher—Verna W. Walker and Beulah E. Mulhausen, Chicago; Edith R. Gilloghy, Allerton; Meda F. Gross, Monticello; Marta A. Brokaw, Normal.

Department bookkeeper—Elmer W. Pederson, Bloomington; Joseph C. Harrison, Canton; William R. Smith, Carlinville; Joseph J. McDonald, Chicago; James M. Moore, Springfield; Terrence P. Golden, Chicago; Thomas S. Yates, Jacksonville; Fred L. Bergstresser, Pekin; James B. Myers, Springfield.

**DOMESTIC SCIENCE ROUND TABLE
WILL BEGIN PROGRAM TOMORROW**One O'clock Luncheon at Home of
Mrs. Ben Lorton is First Event of
Year—1914-1915 Meetings Will
Consider Subjects of Interest.

The members of the Domestic Science Round Table will meet at one o'clock Saturday afternoon at the home of the chairman, Mrs. Ben Lorton, for the annual luncheon and first gathering of the year. Preparations have been made for a fitting beginning of the new year's activity and the members of this department of the Woman's Club are anticipating an enjoyable event at Mrs. Lorton's home east of the city.

An excellent program of study has been prepared under the direction of Mrs. A. J. Ward, Mrs. William Floreth, Mrs. E. J. Howells, Mrs. J. K. C. Pierson and Miss Clara Cobb.

The officers for the year are: Chairman—Mrs. Ben Lorton. Vice chairman—Mrs. James W. Brown.

Secretary—Mrs. G. O. Webster. Treasurer—Mrs. George Harney. The program for the second and succeeding meetings follows:

November Seventh.
Hostess—Mrs. J. S. Sheppard.
Our Free Kindergarten—
Financial Needs—Miss Hattie Phillips.

Moral Uplift—Miss Claribel Hopper, leaders.

December Fifth.
Hostess—Mrs. Bernard Gause.
The Spirit of Christmas and Gift Giving—Mrs. Thos. Buckthorpe, leader.

January Sixteenth.
Hostess—Mrs. Albert W. Cox.
History of Sanitation—Mrs. J. K. C. Pierson, leader.

February Twentieth.
Hostess—Mrs. Charles Cornick.
Child Welfare—History of Exhibition Movement—Mrs. G. O. Webster, leader.

March Twentieth.
Practical Dietetics and Diet in Disease—Miss Florence Ward, leader.

April Seventeenth.
Hostess—Mrs. W. W. Gilham.
Function and Use of Foods—Food Customs and Diet in American Homes—Mrs. John J. Reeve, leader.

May First.
Hostess—Mrs. Joseph Yingling.
Our Island Possessions and Their Value to the United States—Mrs. Ben Lorton, leader.

**BOARD TAKES ACTION TO HASTEN
THE OPENING OF RESERVE BANKS**

WASHINGTON, Oct. 15.—The federal reserve board took decisive action tonight to hasten the opening of the twelve federal reserve banks by announcing its determination to call the first installment of subscriptions to the capital of these banks. The call will be issued at once and the payments are due November 2.

The board decided also that all twelve banks shall be opened simultaneously. No date has been set for the opening but this probably will be determined after the conference with representatives of the banks to be held here early next week.

In view of today's action it was believed that the banks will be in operation by November 15.

Don't forget to secure one of
HULL BROS. UMBRELLAS of
FRANK BRYNS Hat Store.

THURSDAY IN CONGRESS.**Senate.**

Met at 11 a. m.

Resumed debate on war tax bill.

Senator Overman offered

amendment to authorize, in addition to the proposed \$500,000, 000 cotton loan fund, loans to states equal to sums paid by them during and after the civil war in cotton taxes.

Senator McCumber offered amendment to authorize a \$500,000,000 loan on cereals and empow- ering the secretary of the treasury to buy cereals when prices fall below certain points.

Made material progress with consideration of war tax bill, agreeing strike out tax on proprietary medicines and leaving cotton relief amendments, tobacco and wine tax sections for consideration tomorrow.

Passed bill providing methods of appointing and promoting of subordinate consular and diplomatic officials.

Adopted joint resolution authorizing southern commercial congress to erect memorial at Balboa, canal zone, to late Senator John P. Morgan.

Recessed at 6:12 p. m. until noon tomorrow.

House.

Met at noon.

Began consideration of Alaska coal leasing bill conference report, already adopted by the senate.

Representative Gardner of Massachusetts introduced resolution to provide for investigation of the preparedness of the United States for war "offensive or defensive."

Rules committee deferred until next Tuesday consideration of rule to expedite cotton relief legislation.

Adopted conference report on administration bill to open up Alaska coal resources, under leasing system.

Resumed debate on printer's laws codification bill.

Repealed the resolution to dock salaries of members absent without leave.

Agreed to adjourn tomorrow until Monday pending action by the senate on war tax bill.

Adjourned at 4:55 p. m. until noon Friday.

New Skirts**New Dresses****Dependable Styles and Dependable Qualities**

That's what they all say who take the trouble to shop around and familiarize themselves with styles and values to be obtained. Come and see the wonderful styles and value in fall suits and coats we are offering.

**NEW MODELS IN SUITS AND
COATS ARRIVING DAILY****New Fall Colorings in Petticoats**

Petticoats specially designed for wear with the new suits and skirts. Rich silks in all the colorings of fall fabrics. For this week at... **\$1.98**

Not Too Early to Talk Blankets

Like the thoughtful Germans we believe that in time of peace prepare for war—"Cold weather will be here soon". Cotton blankets will be scarce this season. Reports just received say that the warring countries of Europe are buying all the blankets they can in the United States. It is said that one big mill has sold its entire production.

Our line of Blankets is very complete.

No war prices here.

This is the house of good Blankets,

COTTON AND WOOL BLANKETS—In all the new plaids and plain colors, White, Grey, Tan and new colorings.

**PEW SECRETARY RECOGNIZES
PROGRESSIVE COMMITTEES**Stevenson Recognizes Progressive
Senatorial Committee as Legal.

Springfield, Ill., Oct. 15.—Lewis Stevenson, the new secretary of state of Illinois, has recognized the Progressive senatorial committee in certifying the nominations of candidates for the lower house of the state legislature. Secretary Stevenson tonight sent the following message to Medill McCormick, national committeeman of the Progressive party:

"To Hon. Medill McCormick, Progressive headquarters, Chicago.

"After conference with Attorney General Lucey, I have recognized the Progressive senatorial committee as legal and will certify nominations accordingly.

(Signed) "Lewis Stevenson, "Secretary of State."

The question of the number of candidates to certify in view of conflicting opinions as to the legality of the Progressive senatorial committee was up to the late Secretary Woods when he ended his life.

**OLD RATE BACK IN
FORCE TEMPORARILY**State Utilities Commission to Pass
Upon Reasonableness of New
Rate.

Springfield, Ill., Oct. 15.—In the case of citizens of La Grange and Brookfield against an increase in passenger fares by the Suburban Railroad Co. and the Chicago and West Towns Railway Co., the state public utilities commission today announced a decision to the effect that while railroads may not charge to exceed two cents a mile, passenger fares, a rate less than the minimum may be fixed if such rate is found to be reasonable.

The railroads complained of, had been charging the two cent rate since December 31, 1913, contending that the legislature fixed the rate and the state commission had no authority to change it. The order entered today directs that the old rate be put back in force until the commission passes upon the reasonableness of the new rate.

MATRIMONIAL

Sinclair-Epler.

The marriage of Miss Ella Epler of Pleasant Plains and Mr. Sam. W. Sinclair of Ashland was solemnized at 3 o'clock Thursday afternoon at the home of the parents of the bride, Mr. and Mrs. J. T. Epler. The service was said by Rev. Mr. Baldwin, pastor of the M. E. church, with only relatives and immediate friends present. Both of the families are well known throughout Sangamon, Cass and Morgan counties. Mr. and Mrs. Sinclair have gone to Colorado to spend several weeks and after their return will live on a farm four miles from Ashland.

Johnson-Means.

Married Thursday afternoon by Justice of the Peace W. T. Dyer in his office, Mr. Paul Johnson and Miss Dora Isabel Means. The witnesses were J. H. Gasaway and Miss Lillian Kirk.

Mr. Johnson is a son of Mr. and Mrs. F. M. Johnson of Galatia, Ill., and Mrs. Johnson is a daughter of Mr. and Mrs. William Means of Wayne City, Ill. Both of the contracting parties have been until recently employed at Jacksonville State hospital. They expect to continue their residence in this city.

500 NEW UMBRELLAS WITH EXTERIOR GOOD CLOTH AND CHOICE HANDLES. SERVICEABLE QUALITIES FOR SCHOOL AND HARD USAGE AT 50c, 75c, \$1.00 AND \$1.50.

F. J. WADDELL & CO.

WITH THE SICK.

George Hecker brought his son to Passavant hospital Thursday, where he was operated on for appendicitis. They were accompanied by the family physician, Dr. J. M. Swope.

The six years old son of Mr. and Mrs. James R. Seymour of Franklin, underwent an operation for appendicitis at Passavant hospital yesterday and is in a very critical condition.

Ray Wood is ill at Passavant hospital.

WINCHESTER.

Miss Ruby Smith left Thursday for a visit in Jacksonville and Roadhouse.

Miss Yetta Rimbey of Astoria is in Winchester for a visit with her aunt, Mrs. Emma Edmondson.

Mrs. John Colutas has recovered sufficiently from her recent accident to walk down town.

Mrs. Frank Mason was a visitor in Jacksonville Wednesday.

Samuel Rimbey of White Hall came to the city Wednesday with the first chrysanthemums of the season and a number of cut flowers and potted plants.

Mrs. John Grady of Merritt was a guest Thursday at the home of her daughter, Mrs. Bert Carey.

Ms. Emma McCracken of Manchester is visiting her aunt, Mrs. Fred Lathrop.

Mr. and Mrs. Joseph McDonald have returned from a visit to Chicago and Omaha.

Water Cline and family returned Thursday from a visit in Denver and other western points.

Capt. G. W. Carey is making a fish of several days in Louisiana, Mo.

MISS MYRTLE McCARTY WEDS PHYSICIAN OF ABERDEEN, MISS

Becomes the Bride of Dr. Howard Durely at the Home of Her Parents, Mr. and Mrs. A. J. McCarty—Ceremony Was Beautiful and Impressive.

One of the prettiest and most impressive of home weddings of Jacksonville was that of Miss Myrtle McCarty and Dr. Howard Durely, which was solemnized Thursday afternoon at 2 o'clock at the home of Mr. and Mrs. A. J. McCarty, 774 East College avenue. The ceremony in every detail was such as to make the service one of impressive dignity and grace. The company of guests included about thirty relatives and intimate friends of the two, who were so happily united.

Before the ceremony Miss Marie Finney sang very impressively, "I Love You Truly," with Miss Pearl Jeager as accompanist. The bridal chorus from Mendelssohn sounded as the bride party descended the stairs. The bride was attended by her sister, Miss Grace McCarty and Mr. Alvin Easter of Aberdeen, Miss., acted as best man.

Rev. M. L. Pontius, of the Central Christian church very impressively pronounced the words which made them husband and wife. The ring service was used and during the ceremony F. L. Gregory played softly on the mandolin, "All I ask of you is Love." After the benediction members of the company extended their hearty congratulations.

The bride's dress was of pale gray charmeuse, made with chiffon tunic with bodice of silver lace. She carried a beautiful bouquet of white chrysanthemums. The bridesmaid wore a lovely dress of pink silk crepe de chene and carried a bouquet of pink Killarney roses. Following the ceremony a suitable collation was served.

The house was beautifully decorated for the wedding with ferns, asparagus and sumac, roses, carnations and cosmos intermingled with gilded baskets of cut flowers, making a lower of beauty indeed. It was before an artistically made embankment of plants and flowers that the ceremony was said. The bride and groom received a number of very appreciative gifts.

The bride is the daughter of Mr. and Mrs. A. J. McCarty and has a large circle of friends, who will wish her well in her new life. She received her education in the public schools and is a member of the Central Christian church. She is a young woman of such character and personality that she has the very high regard of all who know her.

Dr. Durely is the son of Mr. and Mrs. George Durely of Memphis, Tenn., and is a young man of brilliant future. He is a graduate of the Rush Medical college, Oxford college of Oxford, Tennessee and is now a prominent physician and surgeon of Aberdeen, Miss., being surgeon of the Illinois Central and Frisco lines. He is a member of the Masonic lodge and a Knight Templar.

Dr. and Mrs. Durely left over the Alton at 4 o'clock for St. Louis where they will spend a day and then will visit for a few days at the home of Mr. and Mrs. George Durely of Memphis, Tenn., the parents of Dr. Durely. From there they will go to Aberdeen, Miss., where they will reside.

Miss Grace McCarty and Mr. Alvin Easter accompanied the bride and groom as far as St. Louis. Upon leaving the station here they were given a farewell by a large number of friends who showered them with rice and best wishes.

Among the out of town guests were Mrs. Hiram Sorrells of St. Louis and Mrs. George Geary of Havana, Ill.

OUR SHOWING OF MEDIUM PRICED SUITS AND COATS IS NOW COMPLETE AND VERY ATTRACTIVE. SEE THE BIG WINDOW DISPLAY AT \$12.50, \$16.50 AND \$18.50 FOR BOTH SUITS AND COATS.

F. J. WADDELL & CO.

SCARLET FEVER CLOSES CHAPIN PUBLIC SCHOOL

A threatened epidemic of scarlet fever has resulted in a temporary dismissal of the public school at Chapin. There have not been reported more than a half dozen cases in the village, but the school authorities decided to run no unnecessary risk and ordered the school closed Wednesday, Thursday and Friday. If no new cases develop, regular work will be resumed Monday.

Hull Bros. umbrellas are the kind sold by FRANK BYRNS Hat Store.

PROBATE COURT.

Estate of Catherine Carroll, deceased. Petition for probate of will.

Estate of Aretha Bubb, deceased. Petition for letters of administration to issue as prayed for.

OUTING POSTPONED.

The annual outing of the Woman's College students, at the home of Dr. and Mrs. T. J. Pitner, which was to have been held yesterday was postponed on account of the bad weather.

PRIMARY DEPARTMENT GIVES PROGRAM.

The primary department of the Northminster Sunday school gave an interesting program of songs and recitations at the church Thursday evening. After the program cocoa and wafers were served. Mrs. A. P. Vasconcellos is the president of the primary department and Miss Recie De Silva assistant.

Read the Journal 10c a week.

The Anti-Horse Thief Association of Franklin at its recent meeting elected the following officers for the ensuing year:

President—William Hills. Vice president—Charles Watts. Rec. Secretary—A. L. Lukeman. Treasurer—Charles Olinger. Marshal—Payton Bland. Guard—Newton Woods.

William R. Hills, A. L. Lukeman and Charles Watts were the delegates chosen to attend the convention in this city next week.

REAL ESTATE TRANSFERS.

Attilla R. Holmes et al. to H. C. Montgomery, part lots 12 and 13, block 4, Chandler's addition to Jacksonville, \$1. This lot fronts on West State street and is a part of the old Rawlings homestead.

James Rabbitt to R. L. McGownd, part lot 2, Mather's & Van Winkle's addition, \$850.

TAKEN TO REFORM SCHOOL.

I. T. Cotton, jailer at the State Reform School at Ionia, Mich., was in the city Thursday and left, having in charge the young men, Chas. Servance and Edward Shampo, who recently burglarized the store of Brady Bros. and were apprehended through the efforts of Ex-deputy Frank Tendick.

The boys were serving sentences one for 10 years and the other for 12, and were out on parole. They will now be required to complete the terms of their original sentences.

Mrs. George Cunningham of Murrayville was a visitor in Jacksonville Thursday.

Get the Corn Crib Ready

Indications now point to a much larger corn crop than was expected. Get your cribs into condition. You will find cypress cribbing, with beveled edges, the easiest to handle, best and most durable.

Perfection Shingles

Perfection Red Cedar Shingles have real quality. They show in grain and clearness that there is nothing better made. Have your contractor use "Perfection" Shingles from British Columbia.

THE WEATHER MAN MAY take you unawares—any day—and give you colder weather.

Both comfort and appearance dictate to you

Buy Your Winter Clothes

NOW

Merchandise is scarce in some sections—not so here—preparations months ago and early shipments, assure you you'll find the best and just what you want here without any advance for war scare prices.

Society Brand Clothes

Balmacaan Top Coats for rain or sunshine is the coat for now—\$10.00 to \$20.00.

Sweater Coats for every use, all colors and sizes, for Boys, Misses, Women and Men—\$1.00 to \$5.00.

MYERS BROTHERS.

Back to Your DOLLY DAYS

COME IN and see the Sellers Junior Special KITCHENEED the little girls are working so hard for and you will understand just why it is that every little contestant is so anxious to own it.

You will find yourself wishing that there had been such possibilities for you during that time, not so very far back, when you were a little girl, and played at doing the things you now do as a woman

For this Junior is an exact two-thirds size duplicate of the Sellers KITCHENEED Special and has in two-thirds size all such features as these

COOLING CABINET—Frosted metal perfectly ventilated.

EXTENSION TOP—Can be pulled out to give more space when working. Can be had in either nickeloid or in hard maple wood.

SPACIOUS COMPARTMENT in lower section—equipped with a sliding wire shelf.

WIRE RACK on back of door to this compartment for covers and flat tins.

DRAWERS in lower section for kitchen linen and kitchen utensils, cutlery etc.

SELLERS AUTOMATIC FLOUR BIN—Has funnel-shaped sifter attachment. This bin comes forward automatically to table level for filling purposes and easily swings back into position when filled.

GLASS PANEL indicates constantly amount of flour on hand.

Glassware—SUGAR RECEPTACLE with automatic outlet and graduated measuring cup. SEVEN SPICE JARS, five with snap-on covers, two perforated for salt and pepper, also GLASS TEA and COFFEE CANISTERS, SNAP-ON COVERS—slight pressure of thumb upwards all that is necessary to operate.

SANITARY ROLLING CURTAIN—Instantly disappears, rolls UP and OUT of the way. Keeps dust from provisions stored within cabinet.

ANT-PROOF CASTERS. Strong steel casters, heavily nickel plated. Filling bowl above the casters wheel with water, oil or powdered borax, renders it impossible for ants or other insects to enter cabinet.

SPACIOUS COMPARTMENTS in upper section, one for china, the other for glassware—has white enameled or varnished interiors, frosted glass doors and coppered hinges.

SELLERS KITCHENEED made of best quality seasoned and kiln-dried oak, finished with hand rubbed, with dull coppered hinges and catches. SELLERS DOVE-TAIL METHOD OF CONSTRUCTION is responsible for the statement that Sellers Kitcheneeds will not warp or be affected by ever-changing kitchen temperatures.

Ten of these 1-vote stamps are good for 1 10-vote stamp.

The contest closes Oct. 17th. So do now what you can toward helping the little girl you want to have this wonderful possession.

Are you working to win that JUNIOR KITCHENEED? **Andre & Andre** Are you working to win that JUNIOR KITCHENEED?
